TORONTO.CA/COVID19
MY CHILD HAS 1 OR MORE SYMPTOMS OF COVID-19. WHAT SHOULD I DO?

Was your child a close contact of someone who tested positive for COVID-19?

YES

- Everyone in the household should stay home & self-isolate. Get your child tested.
- If positive, notify your child's school of the positive result. Toronto Public Health will follow up with further instructions.
- If negative, the child will still need to self-isolate for 14 days from last exposure to the person who was positive. Any children in the household should self-isolate from school until the person who is a close contact completes self-isolation.
- If your child is not tested they need to self-isolate for 10 days. Household contacts will also need to stay home and self-isolate for 14 days.

NO

- Notify your child's school that they have symptoms.
- Your child should stay home, self-isolate & get tested.
- Anyone in the household who attends a school setting must also stay home and self-isolate until the child's test is negative.

What was the result of your child’s COVID-19 test?

POSITIVE

- Let your child's school know that they tested positive for COVID-19.
- Your child must stay home & self-isolate for 10 days from the day their symptoms started.
- Household members & close contacts must also self-isolate for at least 14 days.
- Toronto Public Health will contact you to do an investigation & will provide further instructions.

NEGATIVE

- Your child may return to school after it has been 24 hours since their symptoms started improving.
- Siblings can return to school right away as long as they do not have symptoms.
- Adults who attend the school setting can return to school right away as long as they do not have symptoms.

NOT TESTED

- Your child must stay home & self-isolate for 10 days from the day their symptoms started.
- After 10 days, they can go back to school if their symptoms are improving.
- Anyone in the household who attends a school setting must also stay home and self-isolate for at least 14 days.
- If a health care provider has diagnosed a condition that isn't related to COVID-19, your child can return to school 24 hours after their symptoms improve. The rest of the household can attend school.

If anyone in your household has travelled outside of Canada in the last 14 days, the person who travelled is required to self-isolate for 14 days. Everyone in the household will also need to stay home from school until the person who travelled completes the 14 day quarantine. If the individual is exempt from travel quarantine because they perform an essential job (e.g. truck driver, pilot), the rest of the household can still attend school.
