

# Safely Operating Your Restaurant During Covid-19:

Have staff complete screening before every shift & stay home when sick

Ensure tables are separated by 6 feet and/or have plexiglass between them

Limit the number of patrons to 100, provided physical distancing is possible

Ensure patrons remain seated except to enter, exit, pay or use the washroom

Post signage & maintain a customer log for contact tracing if needed

Frequently clean & disinfect contact surfaces & food prep areas
