

EARLSCOURT SPLASH PAD- ACTIVITY BOOK

The City of Toronto is turning the Earls Court Wading Pool into a new Splash Pad! We want you to help us design the new Splash Pad!

Instructions: Print this activity book, or complete it online. Once you are done, ask your parent or guardian to [submit your design through the online submission page](#) by August September 6, 2020.

EARLSCOURT SPLASH PAD- TODAY

This is what the Earls court Wading Pool looks like today:

The wading pool fills up from the middle.

The bottom of the wading pool has a maze design painted in bright colours.

WHAT IS A SPLASH PAD?

A Splash Pad is an area where kids can play with water! Splash Pads do not include any pools of water. Instead, Splash Pads have water jets that spray water UP from the ground, and water falls, that drop water DOWN from up high. Here are some examples of other Splash Pads in Toronto:

These are examples of water falls that drop water DOWN from up high.

WHAT IS A SPLASH PAD?

Here are some examples of other Splash Pads in Toronto:

These are examples of water jets that spray water UP from the ground.

This is an example of a water play table.

WHAT IS A SPLASH PAD?

Here are some examples of other Splash Pads in Toronto:

This Splash Pad has a ship theme!

This Splash Pad has a jungle theme!

Next, draw your vision for the new Earlscourt Splash Pad!

These are some questions to think about before you design your Splash Pad:

- **Who will use the splash pad?**
- **Will the splash pad have a design theme? (for example, an Under The Sea theme)**
- **What features will the splash pad have? (for example, will it have water jets that shoot water up at you, water falls that drop water down onto you, water rings to run through, or other features)**
- **How can you make the splash pad welcoming and accessible for all kids?**
