Explanatory Notes - Open Door Application Form

Item	Notes
C-5	Includes laundry, storage, offices, amenity space, and corridors.
D-4	A "fully barrier-free" unit exceeds OBC requirements by including appropriate installations such as grab bars, roll-in showers, lower counter tops and cabinetry, which allow it to be inhabited by persons with physical or sensory disabilities (see Affordable Rental Housing Design Guidelines). The number of units which exceed OBC requirements should directly relate to needs of the future residents and should be factored into capital costs.
F	The City provides exemptions of fees and charges on a go forward basis and does not refund municipal fees already paid by the applicant.
F-2	Exemption from development charges for private sector applicants requires Council approval.
F-5	Property tax relief for both non-profit and private sector applicants requires Council approval and is not available until occupancy.
H-1	The amount should be based on what the Applicant requires to make the operation of the building financially viable in the long term, given the maximum level of mortgage financing that can be supported by revenues after taking into account expected operating costs.
