<b>Purpose</b>	To obtain authority to enter into a letter agreement (the "Agreement") for the non-exclusive use of City of Toronto-owned park and open space lands with the Toronto District School Board ("TDSB") to support their required space expansion for the safe return-to-school.
<b>Property</b>	The Agreement will include a list of 147 parks and open space lands requested by the TDSB, as attached in Appendix "A". Eleven (11) sites highlighted in red are not available, so the remaining 136 (the "Properties") will be included in the Agreement, which may be amended from time to time.
<b>Actions</b>	1. Authority be granted to enter into the Agreement with the TDSB, substantially on the major terms and conditions set out herein, and including such other or amended terms and conditions as may be deemed appropriate by the Executive Director, Corporate Real Estate Management or Director, Transactions Services and in a form acceptable to the City Solicitor.
<b>Financial Impact</b>	<p>The TDSB will pay to the City of Toronto (the "City") \$68,816.00 as lost revenue the City will incur from the standard permits that the TDSB would have renewed in a standard school year prior to the COVID-19 pandemic. In addition, TDSB shall cover the equivalent of any lost revenue the City will incur from cancelling pre-existing permits, programs or services with third parties to accommodate their use. Any costs resulting from service requests or increased service levels required for the use of the Properties will be the responsibility of TDSB. For clarity this letter agreement is meant to be cost neutral to the City.</p> <p>The Chief Financial Officer and Treasurer has reviewed this report and agrees with the financial implications as identified in the Financial Impact section.</p>
<b>Comments</b>	In the Spirit of Partnership during the COVID-19 pandemic, and in accordance with Mayor Tory's offer of access to City facilities and outdoor space to help facilitate school reopening plans, the City has offered the TDSB the non-exclusive use of the City's outdoor park and open green space. As the TDSB reviews their requirements, the list of spaces may be amended from time to time. The Properties will allow the TDSB to meet the guidelines and requirements of Federal, Provincial and Municipal public health officials.
