Basement Flooding Protection Program Sanitary & Storm Sewer Upgrades and Watermain Replacements in the Weston Area

Contracts: 18ECS-LU-03FP and 18ECS-LU-10FP

Start Date: November 2018 and February 2019 End Date: November 2020

**Timeline is subject to change.*

Basement Flooding Protection Program work in the Weston area on the above listed contracts is progressing well and is on schedule for completion in November 2020. Please find information about what has been completed and what remains on the following pages. Thank you for your patience while we complete this important work.

PROJECT STATUS

Later this year, work will start on the following streets. Updates will be provided before this work starts.

- Elm Street
- Monklands Avenue
- Ralph Street
- Wright Avenue

The following work has been completed on the streets listed below:

Underground work which included watermain, sanitary or storm sewer upgrades:

- Cypress Street
- Edmund Avenue
- John Street
- Lamont Avenue
- Langside Avenue
- Merrill Avenue
- Patika Avenue
- Pellatt Avenue
- Queenslea Avenue
- Sykes Avenue
- Wadsworth Boulevard
- Walwyn Avenue
- Wendell Avenue
- Woodward Avenue

Minor inlet control device work with existing road infrastructure:

- Arthur Street
- Ellis Avenue
- Ettrick Crescent
- Gibson Street
- Jane Street
- Longview Drive
- Pelmo Crescent
- Pine Street (South of Lawrence Ave W)
- Snowberry Avenue
- Speers Avenue

Active construction is taking place on the following streets:

- Boyd Avenue
- Church Street
- Grattan Street
- Joseph Street
- King Street
- Macdonald Avenue
- Pine Street (North of Lawrence Ave W)
- Portage Avenue
- Queens Drive
- Robert Street
- Vimy Avenue
- William Street

For all the listed streets listed on page one, final restoration will take place after planned underground work is fully complete. An update will be provided before restoration work begins.

WHAT TO EXPECT DURING CONSTRUCTION

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required.</p>
	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.</p>
	<p>Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located with no charge to the owner. If your vehicle is moved, please contact parking control for its location at 416-808-2222.</p> <p>In the event you receive a traffic ticket for on-street parking during this period of construction, you may choose to dispute your ticket following the process listed on the reverse side of the parking infraction notice. <i>You may use this notice as part of your defence for parking consideration during construction; however, the Field Ambassador does not have the authority to cancel any parking tickets.</i></p>
	<p>Tree Removal: Due to the nature of this project, the City may have to remove street trees from the City's boulevard. If this affects a tree near your property, you will receive a separate notice. The City will plant a replacement tree of at least 60mm in diameter.</p>
	<p>Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).</p>

Snow Removal: Within the limits of the construction zone, the contractor is responsible for providing ice and snow removal to maintain safe sidewalks and roads. ***Residents are still responsible for winter maintenance of their driveways.***
