

STEPS TO KEEP YOUR OUTDOOR DINING AREA SAFER:

Coverings (e.g. roof/tent) must have 2+ full sides open to the outdoors

Separate customers seated at different tables by at least 6 feet/2 metres

Staff/customers must wear a mask inside (e.g. washrooms) & are recommended to wear one outside

Enclosed dome coverings are not allowed while indoor dining is prohibited

Frequently clean & disinfect all potentially contaminated surfaces

Post a COVID-19 screening sign & keep a log with staff/customer contact info
