- 9.03(d) The foregoing alternate rate provision shall apply to periods during which the employee is absent on paid leave provided such employee has been continuously paid at such alternate rate for at least two (2) months and such qualifying period has not been interrupted by an aggregate of absences on paid leave in excess of fifteen (15) working days prior to such absence on paid leave.

- 9.04 The City may set rates of pay for new or changed classifications and shall advise Local 79 of such new or changed classifications at least ten (10) working days prior to the implementation of the new or changed rate of pay and/or changed classification. It is understood that such overpayment may be the subject of a grievance at Step 3.

Shortage of Pay

- 9.06 In the event that an employee's pay has a shortage of three (3) hours pay or more and the employee notifies their supervisor within three (3) working days from the time the employee receives his/her pay stub, the City shall rectify the shortage by issuing a manual cheque, within three (3) working days from the time the supervisor is notified. It is agreed and understood that the calculation of such hours shall include overtime hours.

LETTER OF INTENT RATE AND JOB CLASSIFICATION HARMONIZATION PROCESS

The parties agree that the harmonization of wages and restructuring of job classifications must be completed as soon as reasonably possible. To effect this purpose, the parties agree to the following process to resolve and determine the issues in dispute.

1. The City and Local 79 will establish a Harmonization Committee within thirty (30) days following ratification of up to twenty (20) members, ten (10) appointed by each party and shall meet forthwith following the appointment of the Committee members. Local 79 members will receive their regular rate of pay for time spent in carrying out the Committee's responsibilities during their regular working hours.
2. Among the Committee's responsibilities shall be the following:
 - (a) the creation of new or merged job classifications from the existing classifications where, in the opinion of the Committee, it is appropriate or necessary to do so, and
 - (b) the development and implementation of a process for determining the rates of pay for any new or merged job classifications.
3. The Committee may identify, by way of survey or otherwise, the core duties and responsibilities of, and all the relevant information in connection with job classifications and shall be provided with such information as is reasonably necessary to accomplish its purpose.
4. Any resolved matters will be agreed upon in writing signed by the designated representatives of Local 79 and the City. Positions taken at the Committee by either party or their representatives are without prejudice to any position either party may take at Arbitration.
5. The parties shall agree on the appointment of a mediator to assist them in reaching agreement and, failing agreement, as the chair of the Board of Arbitration set out below. The parties agree to share the costs of the mediator/arbitrator.
6. The mediator will determine the process and procedure for mediation in consultation with the parties.
7. If the parties have not reached an agreement on all of the wage rates and job classifications by December 31, 2000, or such later date as may be agreed upon in writing, either Local 79 or the City may refer the outstanding rates and classifications, including all matters relating to implementation dates (retroactivity) to a Board of Arbitration for a final and binding determination. The Board will be composed of one person nominated by each of the parties with the mediator as the Chair.
8. Both parties will name their nominees to the Board of Arbitration within ten (10) calendar days of the referral, or such later date as the parties may agree in writing. The parties will co-operate to ensure that the hearing(s) will be held as soon as possible. To this end, the parties will ask the mediator/arbitrator immediately upon appointment to schedule at least twenty (20) days for hearings over the months of January, February and March 2001.
9. The powers of the Board of Arbitration and all other matters in relation to the arbitration shall be as set out in Section 48 of the Labour Relations Act, 1995, S.O. 1995, as amended except as modified by paragraph 4 of the Memorandum of Agreement dated March 23, 2000.
10. A draft decision of the Board of Arbitration on all outstanding wage rates and job classifications, including implementation dates (retroactivity) will be delivered to the parties as expeditiously as possible following the conclusion of the hearings. The parties will have fourteen (14) days from the date they receive the draft decision, or such longer period of time as they may agree in writing, to meet and agree on all such rates and classifications. These meetings may be with the assistance of the mediator/arbitrator if both parties wish. Failing agreement in that time, the draft decision of the Board of Arbitration shall become final and binding on all parties.

For clarity, job classifications which are found in Schedule 1 of the Recreation Workers' Collective Agreement will be treated as a separate group of jobs for purposes of rate and job classification harmonization.

PRINCIPLES FOR HARMONIZATION

1. All available information, including financial information, necessary for the Harmonization Committee to carry out its responsibilities will be provided by the City in full and on a timely basis. The mediator/arbitrator will have the jurisdiction to order the production of any such information.
2. The effective date for implementation, including retroactivity, if any, of any matter referred to arbitration is to be determined by the Board of Arbitration. However, where as a result of the harmonization process an employee's current wage rate is greater than the classification rate established for the employee, the employee shall continue to receive all negotiated wage increases and increment increases otherwise provided for under this Agreement. In addition, and for the sake of greater clarity, no employee shall suffer any reduction in the employee's current wage rate until the expiry of this Agreement and any extension of the terms and conditions of this Agreement by law. For the purpose of the renegotiation of this Agreement, it is understood that the wage rates shall be as determined by the Harmonization process.
3. It is agreed that as of the date of execution of this Agreement that the parties have not been able to identify and agree upon the methods to be used by the Harmonization Committee in carrying out its responsibilities as described in the Letter of Intent. Accordingly, if the Committee is unable to agree upon the methods, either party may advance before the Board of Arbitration whatever methods it considers appropriate.
4. The parties acknowledge that there are a number of outstanding wage rate issues currently pending under existing job evaluation programs/pay equity programs provided for either separately or under Collective Agreements which form part of the composite Collective Agreement. Accordingly, the parties agree that these issues shall continue to be processed and, if necessary, arbitrated under the terms of the appropriate Collective Agreement. For this purpose, the relevant Collective Agreements/ Pay Equity Plans will be considered continued until the outstanding issues have been concluded.

LETTER OF INTENT INCREMENT COMMITTEE

The City and Local 79 agree to establish an Increment Committee within thirty (30) calendar days of issuance of the Interim Award dated August 22, 2002 for the purpose of jointly developing a common increment policy. The committee shall consist of four (4) members, two (2) appointed by each party.

Local 79 members of the Committee will be paid for time worked on the Committee on the basis of the formula determined under the Letter of Intent, "Pay Rate and Hours of Pay for Paid and Unpaid Leaves of Absence for Union business".

The Committee shall have the following responsibilities:

- (a) identification of all current practices with respect to movement through the existing increment structures; and
- (b) the development of guidelines for a common increment policy for recommendation to the City within ninety (90) calendar days of the first meeting of the Committee.

The City will prepare the draft of the increment policy, taking into consideration the guidelines from the Committee (if received), and review it with the Committee prior to it being finalized by the City.

The current policies with respect to increments will continue to apply until the new City Policy is implemented.

10.03 When the Parks, Forestry and Recreation Division determines that swimming pools will be kept open for extended hours under the Heat Alert Program, a bonus of twenty dollars (\$20.00) will be paid to staff who work the extended hours to the pool closing. The City will schedule the extended hours by seniority, within the location and scheduled shift, provided such extension does not result in overtime and further provided the extension does not result in a violation of the Employment Standards Act, 2000, as amended, with respect to time off between shifts.

Assessments

- 15.05(a) The Executive Director of Human Resources and the Division Head concerned will decide jointly on the need for an examination(s) for the purpose of determining qualified candidates for the permanent position and/or temporary assignment. - 15.05(b) Examinations will take the form of written test(s), practical, physical / skill tests, interview panel or any combination thereof to ensure candidates are examined for the qualifications and skills considered most important to the permanent position and/or temporary assignment.
- 15.05(c) Where an applicant has performed the duties of the specific permanent position and/or temporary assignment that is the subject of the Job Posting, for at least one (1) year or the equivalent aggregate hours, and the employee has performed this work within the six (6) months preceding the Job Posting, then the candidate will be deemed to be qualified and will not be required to participate in an assessment.
- 15.05(d) Where there are more candidates than required to fill the posted vacancies, the Executive Director of Human Resources and the Division Head may jointly determine that not all candidates will be assessed. In this case, the most senior candidates will be assessed. Upon request by the union, the City shall provide the number of Local 79 applicants and a list of Local 79 applicants, in seniority order, who were assessed.
- 15.06 Should an examination(s) be required, candidates will be advised in writing by the Executive Director of Human Resources of the type of examination(s) and when and where the examination(s) will be conducted.
- 15.07 Interview panel members will jointly complete a candidate evaluation form. Evaluation

forms will be retained by the Executive Director of Human Resources and copies will be available for review by the Human Resources Division with the approval of the candidate within forty-five (45) days of being advised of the interview panel decision. Candidate evaluation forms completed on a candidate for a specific position will have no relevancy to any other position for which an employee might apply. The Interview Panel is responsible for qualifying candidates for the position.

- 15.08 Within forty-five (45) days of notification of the results of his/her examination and upon request to the Executive Director of Human Resources, candidate(s) will receive feedback on his/her interview and/or review his/her test paper, by appointment with staff of the Human Resources Division.
- 15.09 Candidates who do not comply with the procedures and guidelines established for conducting examinations shall be disqualified from further consideration as a candidate.
- 15.10 Upon completion of the examination(s), the Executive Director of Human Resources will advise all candidates in writing of their results, and will forward to the Division concerned, in order of seniority, the names and seniority dates of the successful candidates for selection.
- 15.11(a) The selection decision will be based upon the criteria as set out in sub-clause 15.01(a) hereof. If other than the senior candidate(s) from the list of candidate(s) who meet the required qualifications is selected, the Division Head will advise the Executive Director of Human Resources in writing, giving reasonable justification for the selection of candidate(s) with less seniority. Such justification must demonstrate a fair and objective basis for the selection decision and for the separation between the successful candidate(s) and the unsuccessful senior candidate(s).
- 15.11(b) The Executive Director of Human Resources will notify all candidates who were not selected for the permanent position and/or temporary assignment. Where a less senior candidate is selected, candidates with greater seniority shall be provided with the Division Head's justification.
- 15.12(a) A list of the qualified candidates from each Job Posting shall be either:
- (i) a Candidate List which shall only be valid for the filling of the posted permanent position and/or temporary assignment, or
 - (ii) an Eligibility List which shall be valid for the filling of future permanent positions and/or temporary assignments in the specific position(s) that were the subject of the Job Posting during the period that the Eligibility List is in effect.
- Upon request an electronic list of qualified candidates and their seniority will be supplied to Local 79 for any specific job posting. The identity of non-Local 79 candidates will not be included.
- 15.12(b) The Candidate List or Eligibility List will be formed in accordance with clauses 15.04 or 15.10, as the case may be. Eligibility Lists will become effective upon receipt by the Division concerned. Subject to sub-clause (f) below, Eligibility Lists will be used to select the successful candidate for each successive permanent position and/or temporary assignment which arises during the period that the Eligibility List is in effect.
- 15.12(c) An Eligibility List shall remain in effect for six (6) months unless depleted before that time. If the Eligibility List is depleted, or upon the expiry of the six (6) months, whichever comes first, any permanent position and/or temporary assignment in question shall be the subject of further Job Posting(s).

- 15.12(d) Notwithstanding the first sentence of clause 15.01(a), further Job Postings shall not be issued for the permanent position and/or temporary assignment in question during the period the Eligibility List is in effect.
- 15.12(e) Each selection decision for the Job Posting shall be made in accordance with clause 15.11 from the candidates on the Candidates List or Eligibility List. Should a less senior candidate be chosen from the Candidate List or Eligibility list, the candidates with greater seniority shall be notified.
- 15.12(f) Candidates on the Eligibility List shall have the right to decline an offered permanent position and/or temporary assignment once. In the event that a candidate on the Eligibility List declines a second offered permanent position and/or temporary assignment, his/her name shall be struck from the Eligibility List and he/she shall not be considered for any future permanent positions and/or temporary assignment during the remainder of the period that the Eligibility List is in effect. In the event that all candidates on an Eligibility List decline the same offered permanent position and/or temporary assignment, the City shall have the right to fill the permanent position and/or temporary assignment externally without any obligation to re-post it.
- 15.12(g) Eligibility lists will only be established by the City in respect to Job Postings where:
- (i) a large number of placements are anticipated in the specific permanent position and/or temporary assignment that are the subject of the Job Posting in question during the six (6) months following issue of the Job Posting;
 - (ii) a high turnover is anticipated in the specific permanent position and/or temporary assignment that is the subject of the Job Posting in question during the six (6) months following the issue of the Job Posting.

Reversion Period

- 15.13(a) All successful candidates in either a permanent position and/or temporary assignment shall be subject to a three (3) month assessment period which will be extended when an employee is absent in excess of ten (10) working days during the period of assessment. In this case, the assessment period will be extended by the length of the absence.
- 15.13(b) A joint performance review will be conducted between the employee and the Division Head after the employee's first six (6) weeks in his/her new permanent position and/or temporary assignment to evaluate the employee's performance and suitability or to determine the possibility of reversion.
- 15.13(c) Should the permanent position and/or temporary assignment be confirmed, the three (3) month assessment period shall count toward the six (6) month probationary period defined in Article 4 if said employee had not completed such period prior to promotion.
- 15.13(d) Should a reversion be necessary, the three (3) month assessment period or any part thereof served in his/her new permanent position and/or temporary assignment shall not count towards the six (6) month Probationary Period if said employee had not completed his/her Probationary Period prior to promotion as set out in Article 4.
- 15.14(a) Should a reversion be necessary or requested by an employee who was a permanent employee prior to his/her promotion to either a permanent position or temporary assignment, the employee shall be reverted to his/her former position and wage rate, if the position has not been filled during the interim period. If the former position has been filled, the employee will be reverted to a position reflecting the wage rate earned by the employee prior to the

placement. The time served in the position prior to his/her promotion to either a permanent position or temporary assignment will count towards the service required to qualify for an increment as set out in clauses 6.03 and 6.04 of Article 6.

- 15.14(b) Should no substitute position be available for such permanent employee, a supernumerary position at the pre-placement wage rate will be created for the employee until such time as a position becomes available. The time served in his/her former position prior to his/her promotion to either a permanent position or temporary assignment will count towards the service required to qualify for an increment as set out in clauses 6.03 and 6.04 of Article 6.
- 15.15 Any employee who is no longer capable of performing his/her full required duties by reason of disability, may be placed in a suitable position, if such position is available, on the recommendation of the Executive Director of Human Resources without regard to the other clauses of this Article.

Scheduling of Examinations

- 15.16 Whenever possible, examinations will be held during working hours. The Division Head will grant leave of absence with pay to those employees in the Division who have made application for and have been accepted for admission to such examinations. For employees subject to shift work, every effort will be made by the Division Head to re-schedule the employees so that the employees will not be required to work a shift immediately before or after an examination.

Policy Statement

This policy, jointly developed by Local 79 and the City of Toronto through the Protective Clothing, Equipment and Wearing Apparel Committee, applies to the use, provision, acquisition, maintenance and replacement of personal protective equipment (PPE), protective work clothing and other wearing apparel for Local 79 employees. The policy applies to all City divisions with Local 79 employees.

It is agreed that the City of Toronto will provide employees with personal protective equipment and protective work clothing as prescribed by the hazards of the job or workplace. In addition, the City will provide other wearing apparel where required by job demands and as outlined in this policy.

It is agreed that employees who are issued PPE and/or protective work clothing will use and/or wear this PPE and/or protective clothing at all times when it is needed for their protection or by regulation. They are responsible for complying with the division's PPE, protective clothing and/or wearing apparel requirements, properly maintaining PPE and reporting any defective PPE.

Notwithstanding the provisions outlined in this policy, the Union and the City reserve the right to address any additional PPE, protective clothing or wearing apparel issues that may arise during the term of the collective agreement.

Protective work clothing is attire worn over or in place of regular clothing

to protect the employee from hazards. Protective work clothing may include, but not be limited to coveralls, overalls, aprons, laboratory coats, rainwear, high-visibility clothing, and in some cases, shirts and pants.

Conditions

- Personal protective equipment will be utilized when hazards cannot feasibly be controlled or eliminated by other means.
- Personal protective equipment will be properly fitted to the user and instruction on the use, care, maintenance and limitations of the PPE will be provided.
- Defective or damaged PPE should be reported to the supervisor and shall not be used.
- PPE and protective clothing that has been worn next to the skin by employees shall be cleaned and disinfected before it is re-issued to other employees.
- Before any PPE is used by employees, employees will be made aware of the reasons for using the PPE and how to properly use and maintain it
- Replacement of PPE and protective clothing will be conducted on an “as required” basis, based on its condition, expiry and/or manufacturers’ instructions.
- PPE and protective clothing will be in conformance with legislated requirements and the most recent version of the applicable industry standards, e.g. CSA, ANSI.
- It is understood that protective devices of a non-personal nature or for intermittent use are needed for the performance of certain tasks (e.g. gas monitors, floatation devices, hard-hats, coveralls, aprons, rubber boots). Such equipment can be shared, provided that it is readily available for use, when required, and employees are adequately trained in its use and limitations. Shared-use items worn next to the skin shall be cleaned and disinfected before they are used by other employees.
- For full-time employees who regularly require PPE or protective clothing in the performance of their work, such equipment and/or clothing will be personal issue rather than shared use.
- Seasonal employees will be provided with PPE and protective clothing, as required by the nature of the work to be performed and appropriate to the season(s) and/or weather conditions to be worked.

Responsibilities

Divisions will:

- in consultation with joint health and safety committees, introduce, to the extent feasible, engineering and/or administrative hazard control measures to minimize the need for PPE and/or protective clothing. Such control measures may include:

- eliminating the hazard from the workplace
 - substituting or replacing a hazard or hazardous work practice with a less hazardous one
 - isolating/separating the hazard or hazardous work practice from workers, or
 - modifying tools or equipment, providing guarding, barriers or ventilation
- in consultation with joint health and safety committees, determine the need for PPE and protective clothing based on job hazards, and provide such equipment and/or clothing to employees
 - ensure consistent practices are applied across their own division
 - when purchasing protective clothing, consider all hazards of the job, including traffic, electricity, cold, heat, fire, biological hazards, UV radiation and the West Nile Virus. If conflicts arise between design criteria to address multiple hazards, select on the basis of the most significant hazard
 - ensure that written procedures are in place to administer the selection, use and maintenance of PPE and protective clothing.
 - train employees in the requirements for and proper use, care, and maintenance of PPE.
 - maintain a record of the PPE issued to employees and the training of those employees in the use of that PPE
 - establish an inspection program for PPE when required by legislation and/or industry standards
 - whenever possible, co-ordinate purchases of PPE and protective clothing through Purchasing and Materials Management Division, to facilitate consistency in PPE selection across divisions and cost-effective provision of needed PPE to employees
 - not permit alterations of PPE without permission from the manufacturer (e.g. paint or stickers on hard hats).

Purchasing and Materials Management Division will:

- where appropriate, specify in purchasing documents that PPE and protective clothing must comply with the relevant Canadian Standards Association standard or, in the absence of a CSA standard, an equivalent standard
- require any organization supplying PPE to the City to state in writing that such PPE complies with the relevant identified standard or equivalent
- consider ergonomic principles and usability in the specification and selection of PPE

- identify opportunities where joint purchasing of PPE or protective clothing can be achieved

Employees who are issued PPE and/or protective clothing will:

- use and/or wear this PPE and/or protective clothing at all times when required for their protection
- care for and maintain PPE and/or protective clothing as advised by their divisions
- report lost or defective PPE and/or protective clothing to their supervisors
- not alter PPE or protective clothing in a manner that affects its integrity

Occupational health and safety staff, in consultation with the JHSC, will:

- assist divisions by advising on required PPE and/or protective clothing for job duties
- assist divisions to ensure that PPE and/or protective clothing is in conformance with regulatory requirements and/or accepted industry standards
- provide consultation and advice on training needed with respect to PPE and protective clothing

Specific Requirements

Head protection

- Head protection appropriate to the hazard will be provided to employees where the hazard of head injury exists.
- Damaged headwear shells or inner cradles must be promptly replaced.
- Even in the absence of visible damage and deterioration, headwear shells and inner cradles should be replaced at the frequency outlined in the manufacturer's instructions.
- Alterations to the protective headwear provided by the manufacturer are not permitted.
- Winter hardhat liners will be provided to employees who are required to wear hardhats and who work outdoors in winter.
- Management is prepared to consider hard hats with wide brims but will provide information to the Wearing Apparel Committee on the following concerns for further discussion:
 - it is confirmed that they do not result in significantly greater weight
 - their advantages exceed their disadvantages, from a

health and safety perspective

- they present no operational impediment
- it is confirmed that they can accommodate all currently-issued personal protective equipment, and
- it is agreed that, if selected, they will only be issued when hard hats are next needed

Hearing protection

- Appropriate hearing protection will be provided to all employees whose daily noise exposure exceeds an eight hour time weighted average of 85 dB(A) and employees will be required to use provided hearing protective devices.

Eye protection

- Employees who are at risk of eye injury will be provided with and required to wear eye protection devices appropriate to the hazard, e.g. goggles, face shields, visors, approved safety glasses.
- Operations that may place employees at risk of eye injury include, but are not limited to:
 - Handling hazardous materials or chemicals
 - Breaking into lines or equipment which contain, or have contained, hazardous materials or chemicals
 - Welding, burning, cutting, chipping, grinding, woodworking, sawing, etc.
 - Operating explosive actuated tools, hand-held nailing guns or other power tools
 - Operating chain saws or grass cutting equipment
 - Working on live electrical installations
- Contact lenses must not be worn in any area or for any job involving chemical eye irritants.
- In accordance with legislative requirements, where a worker is exposed to a potential hazard of injury to the eye due to contact with a biological or chemical substance, an eyewash station will be provided.
- For full time employees who routinely need impact-protective safety eyewear in the performance of their duties and who wear prescription eyeglasses, prescription safety eyewear will be provided.
- All impact-protective safety glasses must have appropriate side shields
- Prescription eyewear will not be provided to seasonal employees.

Rather, impact protection will be addressed by the provision of goggles to be worn over the worker's own glasses.

- Prescription eyewear will be replaced every 24 months, if required.
- It is understood and agreed that this provision does not form part of an employee's extended health benefits for vision care.

Parkas/Winter Jackets

- When parkas/winter jackets are provided to employees, they shall be individual issue, with the exception of freshly-laundered spare parkas made available for Homes for the Aged Support Services employees under the conditions described in Homes for the Aged Support Services Workers' entitlement.

Protective Rainwear

Note: In some circumstances, rainwear is considered to be protective clothing, i.e., when working in contaminated environments under wet conditions or when working outside for prolonged periods in spring or fall when a combination of wet and cold conditions occur. In other cases, rainwear is considered to be "wearing apparel".

- Rainwear worn in the road allowance must provide the needed visibility to comply with legislative requirements or must be worn in conjunction with a safety vest.
- This rainwear will be replaced, as required, based upon its condition.
- The City shall provide appropriate protective rainwear for those employees required to work outside for prolonged periods in spring or fall when a combination of wet and cold conditions occur.

Coveralls and bib overalls

- The City shall provide coveralls or bib overalls, as required, based on job function.
- In certain cases, as specified, one coverall/overall may be selected by the employee to replace the issue of one shirt/pant combination.
- The parties agree that the following groups of employees will be provided with one thermal winter coverall/overall when they are at risk of cold stress:
 - Toronto Water - District Operations (including, but not limited to, Water valve crews and construction crews)

Such thermal winter coveralls/overalls will be replaced as required or after three years, unless they remain in serviceable condition.

Hand protection

- Protective gloves appropriate to the hazard will be provided by the City and worn by employees where, in the course of job duties,

hands are exposed to:

- hazards which can result in abrasions or cuts
 - chemicals (corrosives, solvents, toxic)
 - biological/pathogenic hazards,
 - hot or cold liquids or objects,
 - physical hazards
 - electrical hazards
 - cold weather conditions
 - animal bites
- All disposable medical examination/surgical gloves provided to Local 79 employees will be non-latex.
 - All other gloves used by Local 79 employees will be non-latex unless latex is determined to be the most appropriate protection in a particular circumstance.

Clarity Note: It is understood that the transition to non-latex will occur as current stocks are depleted, estimated to be approximately June 2005 for medical examination/surgical gloves.

Hand sanitizer/cleaning agent

- Hand sanitizer and cleaning agent will be provided in areas where exposure to biological hazards and/or heavy duty soiling warrants their use.

Respiratory protection

- Respiratory protection appropriate to the hazard will be provided by the City and worn by employees when there will be exposure to or when there is potential to be exposed to harmful dusts, fumes, mists, vapours, gases, biological agents or other inhalation hazards.
- Any respirator provided to a worker for his/her protection must be appropriately fitted.
- Procedures will be developed for cleaning, maintaining, storing and training in the use of respirators.

Foot protection

- Protective footwear appropriate to the nature of the hazard and the demands of the job will be provided to employees where foot hazards exist.
- Protective footwear entitlement will be determined using the "Safety Footwear Needs Analysis" form.

- If the Safety footwear Needs Analysis indicates that both summer and winter footwear are required, both types of footwear will be provided.
- Protective footwear will be replaced, as required, based on its condition.
- The City agrees to maintain the existing or equivalent boot truck service at City worksites, with employees having the same procurement rights as now exist.
- Where, because of special size or fitting requirements, or lack of boot truck service, employees cannot obtain safety boots from a boot truck, they shall be given a maximum of one hour of City-paid time to purchase safety boots from City-contracted vendor's stores.

Fall protection and retrieval

- A fall protection and retrieval system (travel restraint system, fall restraining system, fall arrest system and/or safety net, as appropriate) will be provided to employees who are exposed to the hazard of falling from heights, as specified in occupational health and safety legislation.
- All safety lines, belts or harnesses that have been involved in an actual fall will be immediately replaced.
- Employees who are required to use a fall protection system must be given oral and written instructions in its use, and a record of such training and instruction must be maintained.
- Employees will inspect equipment prior to use, in accordance with legislative requirements.

Sun and heat protection

- Workers whose job duties place them at risk of overexposure to ultraviolet radiation from the sun will be provided education regarding the risks and the importance of wearing sunscreen cream, UV-protected eyewear, and wide-brimmed hats and making clothing choices that reduce their exposure to UV.
- For those at-risk employees who choose to wear City-issued sunscreen cream, UV-protected eyewear and/or wide-brimmed hats, the City shall provide such items.
- UV exposure will be a key consideration in the selection of City-issued protective clothing and wearing apparel options
- In some cases, when hard hats are required for the performance of outdoor work, the use of hard hats precludes the need for sun hats.
- Sun umbrellas will be installed and maintained at every outdoor lifeguard station.

First aid kits

- First Aid Kits shall be provided by the City on vehicles and at work locations in accordance with legislative requirements.

Chainsaw chaps

- The City shall provide ballistic pants or chaps for employees who are required to use chain saws.

Personal Floatation Devices

- Personal floatation devices shall be made available for use by all employees whose work environment involves working around bodies of water, pools, ponds etc.

Insect repellent

- Workers whose job duties place them at risk of insect bites will be provided with the necessary information to make an informed decision on the personal, voluntary use of insect repellent. Insect repellent will be provided to those employees who choose to use it.

High-visibility clothing

- Depending on the circumstances, either a safety vest or high visibility clothing will be provided to employees who are likely to be endangered by vehicular traffic
- High-visibility clothing will be provided by the City and worn by employees when it is legislatively required or where required by internal policy.

Other protective equipment

- Where job hazards require, appropriate protective equipment such as gas detectors, ice cleats, pot-holders, protective cooks' sleeves, etc. shall be made available.
- If not already issued for operational reasons, cell phones, 2-way radios or other emergency communication equipment will be made available in circumstances in which they are determined to be the most appropriate means of ensuring personal safety. As of April 1, 2005, the City currently provides individual issue cell phones to those working in a number of classifications, including Home Visitors in Children's Services; Environmental Health Officers and Tobacco Enforcement Officers in Public Health; By-law Enforcement Officers in Parks, Forestry and Recreation; Water Revenue Inspectors in Revenue Services, Building Inspection staff in the Building Division and Municipal Licensing and Standards Officers in the Municipal Licensing and Standards Division; By-law Enforcement Officers in Solid Waste ; Works Inspectors and Development Inspectors in Technical Services; Contract Inspectors, Downspout Disconnect Program Co-ordinators, Emergency Service Inspectors, Engineering Inspectors, and Industrial Waste and Stormwater Quality Enforcement Officers, all

in Toronto Water.

- Individuals occupying the classifications: Communicable Disease Investigators; Public Health Nurses; Community Health Officers; Vaccine-preventable Unit Nurses; Social Services Caseworkers who conduct home visits and Home Visitors (Public Health), whenever required to be in the field, shall have cell phones made available to them for personal safety reasons from the City's pool of shared-use cell phones, on request.
 - When requested, the cell phones shall be signed out, with records being kept of user identity and, wherever possible, the daily field itinerary for the person using the phone in order to aid in locating individuals in the event of emergencies.
 - While City supervisors shall not interrogate or otherwise inquire into the reason for the employee's request for the issuance of a cell phone, the employee's supervisor should be encouraged to enter into discussions concerning the possible augmentation of safety precautions, including the possible use of the buddy system or a request for assistance from community police.
 - The issued cell phone shall be used for work-related purposes only and shall be returned in accordance with current practice, i.e., at the beginning of the day following the completion of the field work giving rise to the request.
 - If, upon request, a cell phone is not available, and if the employee making the request is unable to agree to alternative safety measures that may be proposed by the Employer, the employee shall have the right to refuse to perform the field work until such time as the cell phone becomes available, without incurring any penalty, financial, disciplinary or otherwise.
 - While the acquisition of the cell phones is an Employer prerogative, they must be of adequate quality to provide the user with instant communication to the emergency 911 number and/or the appropriate City office number where emergency reports may be received and expeditiously acted upon.
- Some tools issued for operational reasons may also enhance a safe work environment, e.g. flashlights. For the purposes of this policy, such tools are not considered to be personal protective equipment.

Other protective clothing items

- Aprons, lab coats, shop coats, chemical protection suits, protective clothing for welding, etc. will be provided or made available where hazards exist or when job demands require.

Laundering of Protective Clothing

- Protective clothing will be laundered as required on the basis of contamination, e.g., body fluids, hazardous chemicals, wastewater contaminants.

Wearing Apparel

Definition

Wearing apparel will take one of two forms:

- a uniform to ensure a professional appearance, to maintain essential sanitary environments, or to provide ready visual identification in order to protect the safety and security of the employee, clients, and/or the public
- non-uniform, non-mandatory clothing provided to reduce wear and tear on the employee's own clothing

Conditions

- Divisions will provide wearing apparel, as outlined below. In cases where wearing apparel is "Uniform", it is identified as such. It is understood by the parties that wearing apparel entitlements are independent of the provision of any protective clothing or equipment required to protect workers from job hazards.
- In some cases, the word "initially" is used. Initial entitlement means the first time the employee receives this apparel, either as a new employee or as an existing employee who has not previously had this entitlement. Subsequent replacement of wearing apparel items will be conducted as specified below in divisional entitlement.
- Initial entitlement will be pro-rated to recognize items already issued in the one-year period immediately preceding the date of issue.
- Issued wearing apparel classified as "uniform" must be worn by the employee while at work.
- Wearing apparel intended to protect the employee's own clothing from abnormal wear and tear will be provided by the City to those employees who choose to wear it while at work.
- Wearing apparel, with the exception of sizing modifications, must not be altered and must be kept reasonably clean and neat in appearance.
- All jackets and parkas will be replaced as required or after three years, unless such item of clothing remains in serviceable condition. All other articles of wearing apparel will be replaced as required, except where an annual entitlement is provided.
- Based on language agreed for each job classification in each Division in the wearing apparel section of this document, seasonal employees will be provided with wearing apparel, as required by the nature of the work to be performed and appropriate to the season(s) and/or weather conditions to be worked.
- **This policy comes into effect April 1, 2005.**

Process For The Placement Of Employees And/Or Positions Into The Full-Time Agreement

MEMORANDUM OF AGREEMENT

BETWEEN:

CANADIAN UNION OF PUBLIC EMPLOYEES, LOCAL 79

(hereinafter "Local 79")

- and -

CITY OF TORONTO

(hereinafter the "City")

WHEREAS pursuant to the Memorandum of Agreement Local 79 and the City agreed to develop a process to ensure employees and/or positions are placed in the appropriate Bargaining Unit.

AND WHEREAS Local 79 and the City have met to develop a process to determine whether employees and/or positions should be placed in the Full-Time Bargaining Unit.

NOW THEREFORE Local 79 and the City agree as follows:

1. At such time as the Director of Employee and Labour Relations or his/her designate is notified by Local 79, a Local 79 member or a member of management that a Local 79 member in one of the part-time units may, in fact, be a full-time employee, a review will be conducted. Such review shall take place to determine whether the employee has worked full-time in accordance with clause 2 below and whether the employee will continue to be scheduled for full-time work. In determining whether an employee will continue to be scheduled for full-time work, the following shall apply:
 - (a) In all cases, the employee shall be considered as continuing to be scheduled for full-time work unless the department provides in writing to Local 79 and the employee reasonable justification supportive of a claim that the employee will not continue to be scheduled for full-time work.
2.
 - (a) An employee shall be deemed to work full-time hours if the employee has worked a minimum of thirty-five (35)/forty (40) hours per week, fifty-two (52) weeks per year, inclusive of sick time, vacation and statutory holidays and any other leaves of absence, approved in writing, for the twelve (12) consecutive month period preceding the review. All hours worked must be in one classification, in one part-time unit and be exclusive of overtime.
 - (b) Time missed solely due to the receipt of WSIB benefits or as a result of a pregnancy/parental leave shall not break the 12 consecutive month period but shall be added to such period.
3. Where it is determined that an employee is to be placed under the Full-Time Collective Agreement, the following will apply:

- (a) The employee will be moved to the full-time unit as of the date of agreement in writing that they work full-time and will be entitled to the rights and privileges accorded in the Full-Time Local 79 Collective Agreement, including enrolment in the City's health benefits plan. Enrolment in the pension plan will be in accordance with OMERS regulations.
 - (b) In the first year the employee is moved into the full-time unit his/her vacation will be calculated in accordance with the provisions outlined in the letter to Anne Dubas, dated November 27, 2000 regarding Temporary Employees' Transition from Vacation Pay to Paid Vacation Days. The dates in that letter will be amended, as necessary, to reflect the year the employee is moved into the full-time unit.
 - (c) The employee will have placed to his/her credit, eighteen (18) sick days.
 - (d) Service and seniority will be brought into the full-time unit in accordance with clause 20.06(a) and calculated in accordance with clause 20.06(b).
4. The classification occupied by the employee upon placement of the employee under the Full-Time Collective Agreement shall be included under the Full-Time Collective Agreement
- (a) If the employee to be moved to the full-time unit appears to be performing duties that mirror an existing position in the full-time unit the City is willing to review the employee's duties. If it is confirmed that they are, in fact, substantially performing the duties of a position that already exists in the full-time unit, the person will be reclassified and paid in accordance with the appropriate wage grade.
 - (b) If the employee is mis-classified, e.g. they are classified as a skating instructor and they are actually a dance instructor and neither classification exists in the full-time unit the employee will be moved over as a skating instructor and retain their salary. Local 79 will inform the Compensation Division of the mis-classification and Compensation will make the correction prior to harmonization.
 - (c) If the employee is correctly classified in the part-time unit e.g. Square Dance Caller, but there is no mirror position in the full-time unit, the person will be moved over as a Square Dance Caller and take their salary with them.
5. The parties agree that if an employee and his/her classification are moved into the full-time unit this will not constitute a new or changed classification as contemplated in the provisions of clause 6.04 of the Full-Time Collective Agreement.
6. Employees deemed to be full-time in accordance with 1 above, shall move into the full-time unit as a temporary employee. As soon as possible thereafter a review of the status of the employee will take place. If the review determines that the employee has been continuously employed in the same position full-time for longer than two (2) years prior to movement into the full-time unit the employee will become a permanent employee and confirmed in the position unless the position is one to which a permanent employee has a claim or the position is expected to be eliminated in the near future.

It is understood that the job posting provisions of the agreement will not apply in this situation.

If, following movement into the full-time unit, the temporary employee has been continuously employed in the same position for longer than one (1) year, the status of the position will be reviewed with Local 79 and the City and if the position is considered permanent, the position will be posted in accordance with Article 15, (Job Postings)

7. The classifications of the employees moved into the full-time unit will not be used during wage harmonization of the full-time unit classifications nor the wage harmonization in the part-time unit the employee was transferred from. Instead, after wage harmonization of the full-time unit and the part-time unit the group of employees who have moved into the full-time unit through this process will be looked at separately for wage harmonization.
8. The parties recognize the need on a continuing basis to ensure that employees are placed in the appropriate Bargaining Unit and, accordingly, agree that on an annual basis the City shall provide to Local 79 for its review a detailed listing of all employees covered by Local79 Part-Time Collective Agreement with as much work-related detail as possible.
9. If at any time the parties find it necessary to amend the terms of this Agreement in order to address any unanticipated matters that may arise, the parties agree to meet to discuss any such matter(s) and provided there is mutual agreement, effect any such amendments(s) that may be appropriate.
10. Should any concerns or disputes arise out of the operation of this Letter of Intent, the Director of Employee and Labour Relations or his/her designate shall meet with the representatives of Local 79 within ten (10) calendar days of the receipt of the concerns or disputes.
11. Any dispute concerning the interpretation, application or administration of this Agreement including but not limited to whether an employee should be placed under the Full-Time Collective Agreement shall be dealt with in accordance with the grievance and arbitration provisions of the Full-Time Collective Agreement

Any disputes that may arise regarding such placements may be the subject of a grievance, and if a grievance is filed by Local 79 it shall be initiated at Step 3, and if a grievance is filed by the City, it shall be initiated under the clause regarding management grievances.

In-house Training

The City acknowledges that there may be part-time recreation employees who wish to access the City's in-house training programs. The committee will be comprised of two (2) members of management and two (2) representatives of the Local 79 Recreation Unit. The committee's mandate will be to explore the training and development needs of these employees as they are balanced against the City's ability to provide them in a cost-efficient manner given the large membership of the Local 79 Recreation Unit.

**Article 28
SCHEDULING**

Recreation Workers Part-Time Scheduling Pilot Project

Scheduling – Expanded Pilot Project

The City and Local 79 are mutually committed to developing an administratively efficient city-wide scheduling system in the Parks, Forestry and Recreation Division, which is reflective of the highly complex and diverse scheduling issues at divisional facilities and program locations, and which considers seniority along with past performance, qualifications and availability, in the scheduling of work for Local 79 members.

A Joint Committee consisting of four (4) Local 79 Recreation unit representatives and four (4) Management representatives will be formed immediately following ratification of the Recreation Workers Part-Time Collective Agreement. Local 79 Committee members will receive their regular rate of pay for all hours spent at Committee meetings. The City shall pay for time spent at committee work outside of Committee meetings, as above, upon pre-approval.

The goal of the Committee will be to develop and implement an expanded city-wide scheduling pilot project in the Parks, Forestry and Recreation Division, based on the scheduling principles and procedures established through the existing pilot project in the South District.

The parties recognize the Division's Recreation Worker hiring strategies, particularly those for at-risk youth.

The City commits that the objectives of these strategies are not to create conditions where individuals will perform work of the Bargaining Unit prior to becoming members of the Bargaining Unit nor to displace existing employees.

The City commits to reporting on a regular basis to the Joint Committee on the Division's Recreation Worker hiring strategies particularly regarding those for at-risk youth including any analysis undertaken by the City or other analysis recommended by the Joint Committee.

The Pilot Project in the South District will be maintained without interruption as the expanded pilot is developed and implemented. A copy of the South District Pilot is appended to this Collective Agreement for information.

The target implementation date for the Expanded Pilot Project is the January 2010 program season and will run until December 31, 2011 unless the parties mutually agree to end it earlier than December 31, 2011.

The scheduling system must recognize limitations in existing City information and administrative systems.

The parties agree that a 'season' shall include all program activities / work up to the commencement of the following season.

At any point in the joint committee process, either party may ask for assistance of a Mediator. Mediation, if requested by one of the parties, may not commence earlier than January 2010.

Scheduling issues arising out of this Expanded Pilot Project shall not become the subject of a grievance. This does not preclude the Union from filing grievances on other matters arising under Article 28.

Experience with the Scheduling – Expanded Pilot Project will be reviewed by the Committee and its views will be submitted to the General Manager, Parks, Forestry and Recreation, the President of Local 79 and the Director of Employee and Labour Relations prior to December 31, 2011 so that continuation or suggested changes to the Scheduling - Expanded Pilot Project may be considered during the next round of collective bargaining.

Policy Statement

The City of Toronto gives leaves to employees who are running for elected political office.

Application

All City of Toronto employees.

Definitions

Political Office: An elected office of a school board, municipal, regional, provincial or federal government.

Conditions

Employees seeking election to City of Toronto Council

An employee of the City of Toronto is eligible to be a candidate for and to be elected as a member of the City of Toronto Council.

Any employee who is a candidate for office for the City of Toronto Council must take an unpaid leave of absence. The leave begins before the employee files his/her nomination papers and ends on voting day.

The employee shall give his/her manager written notice at least two weeks in advance of his or her intention to take unpaid leave.

These conditions are mandated by subsections 30(1), (2) and (3) of the *Municipal Elections Act, 1996*.

Employees seeking election to other municipal councils and school boards

An employee of the City of Toronto is eligible to be a candidate for and to be elected as a member of any school board or of any municipal council other than the City of Toronto Council.

If an employee needs time off work, he/she may use available vacation or lieu time as well as unpaid time.

If the employee intends to take unpaid leave, he/she must give his/her manager written notice at least two weeks in advance.

Employees seeking election to provincial and federal office

An employee of the City of Toronto is eligible to be a candidate for and to be elected as a member of the provincial or federal parliament.

If an employee needs time off work, he/she must take an unpaid leave of absence. In this instance, the leave would begin before he/she files his/her nomination papers and ends on voting day.

The employee shall give his/her manager written notice at least two weeks in advance of his or her intention to take unpaid leave.

Employment Status after election

If the employee is elected to the City of Toronto Council, he or she shall be deemed to have resigned from employment immediately before making the declaration of office referred to in subsection 186 of the *City of Toronto Act, 2006*.

If an employee is elected to another municipal council or school board that employee is not required to resign but is subject to the City's Conflict of Interest and other employment policies and performance expectations, in addition to any external codes, policies, rules or regulations that may apply to them as elected officials.

If an employee is elected to provincial or federal office he/she is required to resign.

Use of corporate resources

Corporate resources and funding may not be used for any election campaign purposes.

Under the terms of the Conflict of Interest Policy, employees may not use, or permit the use of, items of City property, facilities, equipment, supplies or other resources for activities not associated with their work.

Under the terms of the City's Policy on Employee Participation in Municipal Election Campaigns, staff who are working on behalf of a municipal candidate may not use any of the City's resources (e.g. office equipment, supplies etc.) for campaigning activities at any time before, during or after the election. This prohibition also applies to the City employee if he/she is the candidate.

City staff who are on leave seeking election to any elected office cannot use, or act in a manner that could reasonably give rise to a presumption that they are using, any City resources during their campaign period. All access to City resources, including security, parking, voice-mail, and computer access will be temporarily disabled during the employee's leave.

Salary & Benefits

As mandated by subsection 30(3.1) of the *Municipal Elections Act, 1996*, any employee who is a candidate for office for the City of Toronto Council and is required to take an unpaid leave, is entitled to be paid out any vacation pay or overtime pay owing to the employee, during the period of the unpaid leave of absence. Employees wishing to have their vacation and lieu time paid out must give Payroll advance notice.

If an employee wants to maintain pension service credits he/she must pay both the employee's and City's pension contributions for the duration of the leave.

Sick pay

No sick time is accrued during the leave.

Vacation

Service is not affected by this leave for vacation entitlement purposes.

Performance Pay

Employees receive no across the board (ABI) increase or performance pay increase while on unpaid leave of absence. When the employee returns, he/she receives a prorated performance pay increase for the time worked prior to his/her unpaid leave based on his/her performance. Payroll adjusts the employee's pay to reflect any missed ABI increase(s), effective on the employee's return date.

Bargaining Unit employees

Bargaining unit employees' salary, benefits coverage, service, seniority, sick pay and vacation for unpaid leaves of absence are treated in accordance with their respective collective agreements.

Implementation

An employee who is taking an unpaid leave of absence shall submit a Leave of Absence form at least two weeks before the leave begins to his/her manager. The reason for the leave of absence, i.e. seeking election to political office, shall be stated in the Comments section. Family Medical Leave

Category: **Absence From Work**

Policy Statement

The City of Toronto provides up to eight weeks unpaid Family Medical Leave to employees who need to take a leave to provide care and support to a family member who has a serious medical condition where there is a significant risk of death occurring within a period of 26 weeks.

Application

This policy applies to all City of Toronto employees and shall be administered in accordance with the Employment Standards Act.

Definitions

For the purpose of this policy, **family member** is defined as:

1. The employee's spouse (includes common law and same sex partner)
2. A parent, step-parent or foster parent of the employee
3. A child, step-child or foster child of the employee or the employee's spouse.
4. A brother or sister of the employee.
5. A grandparent of the employee or of the employee's spouse.
6. A grandchild of the employee or of the employee's spouse.
7. The father-in-law or mother-in-law of the employee.
8. A brother-in-law or sister-in-law of the employee.
9. A son-in-law or daughter-in-law of the employee or of the employee's spouse.
10. An uncle or aunt of the employee or of the employee's spouse.
11. The nephew or niece of the employee or of the employee's spouse.
12. The spouse of the employee's grandchild, uncle, aunt, nephew or niece.
13. A foster parent of the employee's spouse.
14. A person who considers the employee to be like a family member.

Note: In numbers 4 to 8 a reference to a relationship includes the corresponding "step" relationship.

Provide care and support: providing psychological or emotional support, arranging for care by a third party provider or directly providing or participating in the care of the family member.

Conditions

Requirement for medical certificate

An employee is entitled to a leave of absence without pay of up to eight weeks to provide care or support to a family member, if a qualified health practitioner issues a certificate stating that the individual has a serious medical condition with a significant risk of death occurring within a period of 26 weeks or a shorter period.

Duration of leave

When the health practitioner issues a certificate, an employee may take

the Family Medical Leave within the 26-week period specified in the medical certificate. For example an employee may begin the leave as soon as the certificate is issued or may choose to wait to start the leave, as long as the leave does not extend beyond the designated end of the 26-week period.

The employee may remain on a leave for eight weeks or the last day of the week in which the family member dies.

The eight (8) weeks of a Family Medical Leave do not have to be taken consecutively but an employee may only take a leave in periods of entire weeks.

“Week” is defined for Family Medical Leave purposes as a period of seven consecutive days beginning on a Sunday and ending on a Saturday. Week is defined in this way to correspond with the beginning and end of the week set for Employment Insurance (EI) entitlement purposes.

Sharing the leave

If two or more employees (employed by the same or different organisations) take this leave to provide care and support for a specific family member, the eight weeks of Family Medical Leave must be shared between them. For example if one spouse takes six weeks to care for his or her child, the other spouse would be able to take only two weeks of Family Medical Leave.

Extension of leave

If employees request an extension beyond the eight weeks leave, they must submit a written request to their supervisor. The supervisor decides if this extension can be granted. If the request is approved, the extended leave can be covered by vacation, Voluntary Leave, Leave without Pay as well as personal leave provisions contained in the applicable collective agreements.

Subsequent leaves

If an employee takes a leave and the family member does not die within 26 weeks, the employee may take another leave at a later time and requires another medical certificate for that purpose.

Employment Insurance Benefits

All employees covered under the Employment Standards Act are entitled to take a Family Medical Leave. Those employees who qualify can also access Compassionate Care Employment Insurance (EI) benefits for up to six weeks.

In order to access these benefits, employees must serve a two-week unpaid waiting period.

Employees entitled to EI benefits can apply for employment insurance. Employees are required to provide a medical certificate to Employment Insurance in order to receive the benefit. The medical certificate can be found on the EI website.

Employment Insurance permits the sharing of the six-week benefit by two or more working members of the family. If the benefit is shared, only one employee serves the waiting period.

Employees may take the eight-week leave all at once or divide it into parts

with a minimum of one-week segments.

Note: For details on eligibility on employment insurance benefits refer to the Employment Insurance (EI) Compassionate Care Benefits website (see link below)

Examples

- Jane takes leave from Sunday August 8th to October 2nd and returns to work on October 4th, having completed the eight-week leave with six weeks EI benefit.
- Abdul takes leave from August 8th to September 4th and returns to work on September 6th. (Four weeks: two-week waiting period and two-week leave with benefit). Abdul takes further leave from September 19th to October 2nd and returns to work October 4th (two-week leave with benefit). Abdul takes further leave from November 14th to November 27th and returns to work on November 29th (two-week leave with benefit).
- Julia takes leave from October 10th to October 30th and returns to work on November 1st. She takes three weeks leave with benefit. Her brother had previously taken leave with three weeks benefit and had served the waiting period.

The EI benefits can be paid regardless of where the family member lives. If employees are required to travel to other countries to look after a dying family member, they are still entitled to the benefit and can access the benefit by application through the Internet.

The EI benefit ends at the end of the week in which the person dies if this occurs during the benefit period.

Salary & Benefits

Benefits

Basic benefits coverage (health, dental, group life insurance, STD and LTD) continues during Family Medical Leave.

Benefit coverage for part-time employees continues to be on a pro-rated basis.

Employees are responsible for premiums that they would normally pay for benefits that are not covered by the basic plan, for example additional coverage for group life insurance.

Pension

If employees want to maintain pension service credits they must pay their pension contributions for the duration of the leave. The city will match these contributions.

Vacation

Employees' annual vacation entitlement is not affected by this leave.

Sick Pay

Employees, who accumulate sick leave credits, continue to earn sick credits during the period of leave.

Service and Seniority

Employees accumulate full service and seniority during the leave. However, Family Medical Leave days are not counted towards the completion of the probationary period.

Increments and Pay for Performance

Bargaining unit employees' increments are not affected by this leave.

Non-union employees receive the full merit level increase based on their performance for the duration of the Family Medical Leave. Any further leave without pay is subject to pro-ration of the merit level increase and market rate adjustment.

Implementation

Notifying supervisors

Employees who wish to take Family Medical Leave must advise their managers/supervisors before taking the leave. If prior notice is not possible because of the urgency of the situation, employees should inform their managers/supervisors as soon as possible.

Employees must submit their requests in writing, stating:

- the date that they want to start their leave and the date when they expect to return to work
- the amount of leave requested and the scheduling e.g. eight weeks together; four weeks taken in weekly segments
- whether the employee is the only family member taking the leave and if sharing the leave with another family member how many weeks he/she is taking i.e. less than eight (8) weeks.

If employees are not sure when they will be returning to work, they should contact their supervisors at a later date to advise of their return to work. If there is a change in the return to work date, supervisors must e-mail the new return to work date to Payroll as soon as they receive the information from employees.

Information for Payroll

Supervisors must ensure that a *Leave of Absence Request/Notification* form is completed stating "Family Medical Leave" in the Comments section, Section B, and submit the form to Payroll. The payroll control clerk sends a Record of Employment form directly to the employee.

At the start of the leave, the Pensions, Payroll & Employee Benefits Division sends a letter to the employee to explain that benefits will be protected on condition that proof is submitted that the requested leave is a Family Medical Leave.

Employees who are collecting EI benefits must submit confirmation that their leaves have been approved by Employment Insurance by sending the original EI pay stubs to Payroll as soon as they receive them and continue to provide the pay stubs as they are received.

Supervisors may ask an employee for a copy of the certificate as appropriate, for instance, in the situation where employees are not entitled to EI benefits because they do not have sufficient insurable hours. These employees must provide a certificate to their supervisor, from a qualified

health practitioner stating that the employee's family member has a serious medical condition with a significant risk of death occurring within a period of 26 weeks or a shorter period. This certificate should be attached to the form submitted to Payroll. The certificate can either be a copy of the certificate used for EI purposes (available from the EI website) or a note from the health practitioner with the relevant information.

The federal government has developed a "Compassionate Care Benefits Attestation" form that is required for those persons applying for the Employment Insurance Compassionate Care Benefit under the "like a family member" category. The form needs to be signed by the gravely ill person or his or her legal representative, confirming that the caregiver is "like a family member". In situations where the employee is applying for Family Medical Leave to care for a person who considers the employee to be like a family member, supervisors can request this document from an employee to confirm the employee's eligibility, regardless of whether the employee is applying for the Employment Insurance Compassionate Care Benefit.

In a situation where a number of employees within the same division or section apply for leave at the same time the executive director/general manager/division head or designate may need more information to prioritize requests. <i>Guidelines for Assessing Competing Requests</i> are included in this policy under the Implementation section.</p> <p>The terms of the plan leave are documented and agreed to by both parties,</p>

when a leave is approved. This can be changed only by mutual consent.

Return from leave

An employee returning from leave without pay will return to his/her former position or a suitable alternate position if available.

While an employee is on leave a position may be filled with acting or temporary staff, or left vacant.

Implementation

Guidelines for Assessing Competing Requests for Leaves

On some occasions, two or more employees may request leaves at the same time. If it is not possible to accommodate all applicants, an attempt should be made to negotiate some satisfactory alternative schedule with the parties involved. If no satisfactory resolution can be obtained, the following criteria may be taken into account when making the decision.

Priority should be given to employees requesting a leave under the following circumstances:

- an employee plans to use the leave as a means of easing the transition to full retirement
- a leave is being requested on "compassionate" grounds, for example to provide care to an ill family member
- an employee has been appointed to a leadership position with a professional or volunteer organization, and requires a leave in order to take the position
- a leave has been requested for a specific time-dated activity that cannot easily be postponed (e.g. attendance at a course of studies).

The executive director/general manager/division head or designate may also wish to take the following factors into account when determining priority among competing requests:

- a leave date has been requested to co-ordinate with that of other family members
- a leave date has been requested to provide for a specifically seasonal activity.

If it is not possible to resolve the situation given these factors, it is recommended that an objective criterion such as date of application be used to determine priority.

Salary & Benefits

Benefits

This is a leave without pay and at no cost to the city. An employee has the option of discontinuing benefits or maintaining all benefits coverage at his/her own expense. An election form must be completed prior to the commencement of the leave and the employee must pay the benefit premiums before the leave begins.

OMERS Pension

A leave without pay is a break in service. If an employee wants to maintain pension service credits he/she must pay both the employee's and city's pension contributions for the duration of the leave. An election form will be forwarded to the employee following the completion of the leave.

Vacation

Vacation is reduced for the period of the leave taken, on a pro-rated basis. For example, if an employee is on leave for six months he/she does not earn any vacation during the period on leave but earns vacation for the balance of that year. The period of leave is not counted towards service requirements for calculating increases in vacation entitlements.

Canada Pension Plan and Employment Insurance

On a leave without pay an employee does not contribute to the Canada Pension Plan or employment insurance and the leave period is not counted as insurable employment. If this is of concern to an employee he/she should check the implications of his/her particular situation by contacting his/her local Employment Insurance Commission office.

Sick pay

No sick pay is accrued during the leave.
