

# COVID-19 Screening

For staff/visitors to the child care/day camp/K-12 school setting

Updated July 28, 2021

## 1. Do you have any of the following new or worsening symptoms or signs?

Fever or chills

Cough

Trouble breathing

Sore throat or trouble swallowing

Runny or stuffy nose

Decrease or loss of taste or smell

Nausea, vomiting or diarrhea

Pink eye

Headache\*

Very tired, sore muscles or joints\*

If you have an existing health condition that gives you the symptoms, select "No," unless the symptom is new, different or getting worse.

\*If a mild headache, tiredness, sore muscles or joints occur within 48 hours after getting a COVID-19 vaccine, select "No" and wear a medical mask when at work/childcare/day camp/school. If your symptoms last longer than 48 hours or worsen, select "Yes".

**If "YES" to any symptoms: Stay home & self-isolate + get tested or contact a health care provider**

## 2. Does anyone in your household have one or more of the above symptoms and/or are waiting for test results after experiencing symptoms?

Yes ☐

No ☐

- If you are fully vaccinated\*\*, select "No."
- If the household member's mild headache, tiredness, sore muscles or joints occurred within 48 hours after getting a COVID-19 vaccine, select "No". If their symptoms last longer than 48 hours or worsen, select "Yes."

## 3. Have you been notified as a close contact of someone with COVID-19 or been told to stay home and self-isolate?

Yes ☐

No ☐

- If you are fully vaccinated\*\* and have not been advised to self-isolate by public health, select "No."

## 4. In the last 10 days, have you tested positive on a rapid antigen test or a home-based self-testing kit?

Yes ☐

- If you have since tested negative on a lab-based PCR test, select "No."

No ☐

## 5. In the last 14 days, have you travelled outside of Canada AND been advised to quarantine per the [federal quarantine requirements](#)?

**If "YES" to questions 2, 3, 4 or 5: Do not enter this location + follow Toronto Public Health advice.**

\*\*Fully vaccinated is defined as an individual  $\geq 14$  days after receiving their second dose of a two-dose COVID-19 vaccine series or a single dose of a one-dose COVID-19 vaccine series.
