Electronic Waste

Electronics are collected curbside on garbage collection days. If you live in an apartment/condo, ask your property manager about disposal options.

Small electronics

- Cameras and video recorders
- Cell phones and home phones
- Computer cables and accessories
- Gaming consoles
- Hand-held computers
- Keyboards
- Laptop computers and tablets
- Pagers
- Radios

Large electronics

- Copiers
- Desktop computers and monitors
- Fax machines
- Printers and scanners
- Receivers and speakers
- Stereos, tuners and turntables
- TVs
- Typewriters
- VCR/DVD players

Household Hazardous Waste?

Batteries, bleach, brake fluid, chemicals, medication, needles, paints, stains, poisons, propane tanks, etc.

Call **311**

Household Hazardous Waste (HHW)

HHW products **must not** be put in the garbage, Blue Bin (recycling), Green Bin (organics), poured down the drain/toilet or into sewers.

Why dispose of HHW properly?

- to reduce potential harm to humans, animals and the environment
- to reduce contamination of the Blue Bin
- to reduce the amount of waste going to landfill

Disposal Options:

- Drop-Off Depots that accept HHW
- Community Environment Days (spring to fall)
- Toxic Taxi pickup
- Orange Drop Program (MakeTheDrop.ca)
- Pharmacies for medication and needles

Not sure how to dispose of an item?

Check **WASTE WIZARD** at
toronto.ca/wastewizard

Download the **TOwaste** app or contact **311** to find out what goes where.

CORROSIVE

FLAMMABLE

POISONOUS

EXPLOSIVE

Toxic Taxi – Free pickup of HHW

Glue
Mercury thermometers
Propane, helium tanks
Swimming pool chemicals

For HHW amounts between 10 and 50 litres/kilograms, residents can schedule a free Toxic Taxi pickup.

If volume is less than 10 litres/kilograms, items must be taken to a Drop-Off Depot or Community Environment Day event.

To schedule a pickup: Visit toronto.ca/311 or call 311

Set out instructions:

- HHW must be placed on private property and at the front/street address side of the residence.
- Items must be in a sealed, non-leaking and labeled container (i.e. paint cans must have a lid).
- Different material types need to be kept separate (e.g. batteries, paints, light bulbs should not be mixed together in one container).

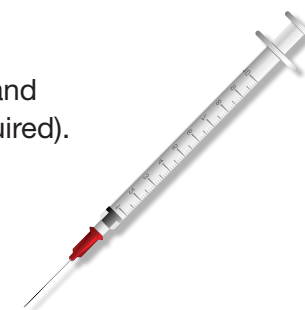

Fluorescent tubes:

- If requesting pickup of fluorescent tubes only, a minimum of 20 tubes is required.
- Quantities in excess of 40 may not all be picked up in one day; a second pick up may be required.
- Tubes longer than 1.2 metres/4 feet must be boxed.
- Shorter tubes are accepted if securely taped in bundles of 10.

Needles/syringes:

- No minimum required.
- Must be contained and sealed in a plastic container (e.g. jug, water bottle) and clearly labeled “Needles” or “Syringes” (approved sharps container not required).
- Containers cannot be returned.

Cooking oil (from residential sources only)

- Must be in a sealed container labeled “Cooking oil”.
