Catch-Basin Miscellaneous Works in the Scott Street Pumping Station Service Area

Contract: 20ECS-MI-01SA

Start Date: March 15, 2021, End Date: May 21, 2021

**Timeline is subject to change.*

The City of Toronto will rehabilitate seven storm sewer catch basins at the following locations (see map):

- Site 1: Yonge Street & Harbour Street Intersection
- Site 2: Lake Shore Boulevard East & Richardson Street Intersection
- Site 3: Lower Sherbourne Street
- Site 4: Lake Shore Boulevard East & Bonnycastle Street Intersection
- Site 5: Harbour Street & Yonge Street Intersection
- Site 6: Princess Street
- Site 7: Lower Sherbourne Street & The Esplanade Intersection

In order to address sewer capacity concerns and reduce the stormwater inflow to the sanitary system, the City conducted an inflow and infiltration (I/I) study in the project area and this rehabilitation work is designed to help address those concerns. This project is part of the Council-approved 2020 Capital Works Program that will improve sanitary system and the City's aging infrastructure.

IMPORTANT INFORMATION ABOUT COVID-19 AND CONSTRUCTION WORK IN TORONTO

During construction, the contractor is responsible for the Health & Safety on site under the Ontario Occupational Health and Safety Act and is expected to implement COVID-19 mitigation practices. For more information on the City's response to COVID-19 please visit toronto.ca/covid-19.

WORK DETAILS

The City's contractor will complete the following work at each site:

Site 1: Yonge Street & Harbour Street Intersection

- Replace sanitary maintenance hole frame and cover.
- Install a new catch basin and connect to existing the storm sewer.

Site 2: Lake Shore Boulevard East & Richardson Street Intersection

- Replace sanitary maintenance hole frame and cover.
- Install a new catch basin and connect to existing the storm sewer.

Site 3: Lower Sherbourne Street

- Abandon the existing catch basin.
- Install a new catch basin and connect to existing the storm sewer.

Site 4: Lake Shore Boulevard East & Bonnycastle Street Intersection

- Abandon existing sewer connection.

Site 5: Harbour Street & Yonge Street Intersection

- Confirm connection to the existing storm sewer.
- Abandon connection to existing sanitary sewer.

Site 6: Princess Street

- Remove existing catch basins.
- Install two new catch basins and connect to existing storm sewer.

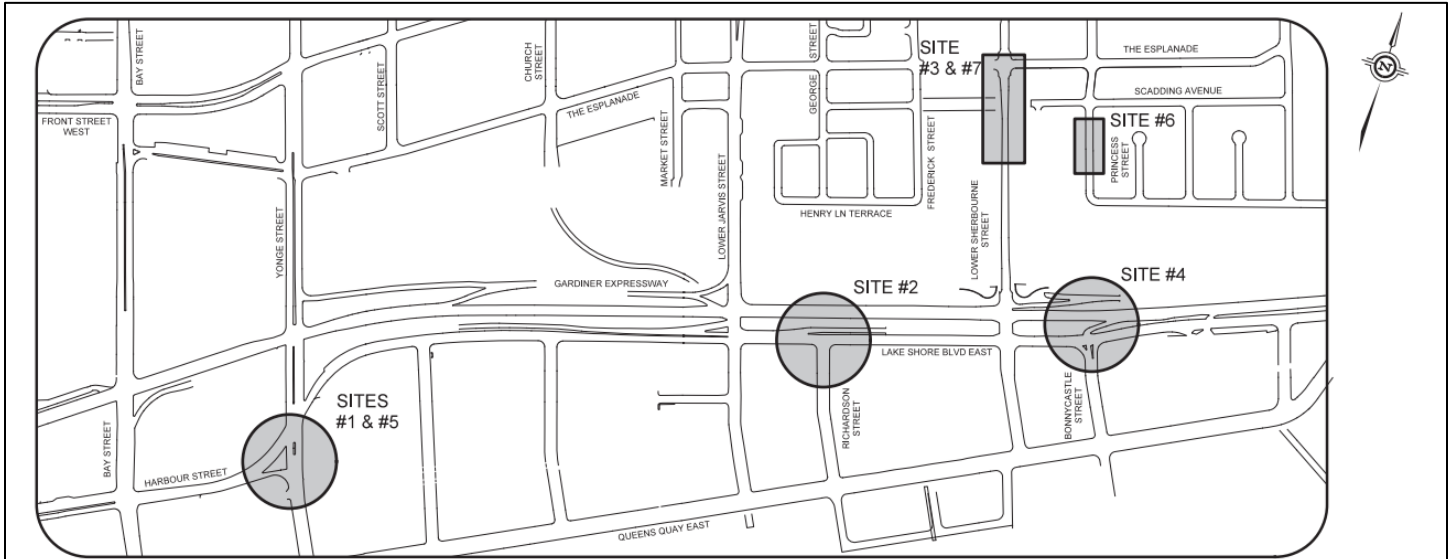

Site 7: Lower Sherbourne Street & The Esplanade Intersection.

- Remove existing catch basin.
- Install a new catch basin and connect to the existing storm sewer maintenance hole.

All Sites:

- Temporary sidewalk and/or lane closures, and traffic management.
- Restore all areas affected by construction and resurface the road above any excavations.

- SITE # 5 - HARBOUR STREET & YONGE STREET INTERSECTION
- SITE # 6 - PRINCESS STREET
- SITE # 7 - LOWER SHERBOURNE STREET

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m. Monday to Friday, with work after hours and on weekends as required.</p>
	<p>Site Safety: Workers on site are responsible for the work assigned to them. If you have construction questions or an issue on site – ask to be directed to the site inspector. If the site inspector is unavailable, contact the person listed at the end of this notice.</p>
	<p>Physical Distancing: There are times when contractors need to communicate with homeowners about what is happening on-site. This could be about driveway access, water shut offs, pre-construction inspections, and site restoration work (landscaping, installing pavers etc.). Contractor's staff will be identifiable by their high-visibility clothing. If you have questions, call the contact provided on this notice.</p>
	<p>Site Access: In order to complete the work in a safe manner, there may be road and crosswalk restrictions within the construction work zone. Access for emergency vehicles will always be maintained.</p>

	<p>Traffic Management: Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Road users should expect delays and increased traffic on nearby main and side streets.</p>
	<p>Parking: Parking in the active work zone is not permitted as space is needed for construction equipment and materials. This project will affect on-street parking. If your parked vehicle affects construction work, it will be relocated with no charge to the owner. Please call 416-808-2222 for its location.</p>
	<p>Parking Violation Notice: In an effort to reduce ticketing due to construction, the City encourages communities with construction to be patient as neighbours may need to temporarily relocate vehicles. If enforcement is called, enforcement must issue a yellow parking violation notice (ticket). If you receive a yellow notice during this construction work, do the following within 15 days of the notice date:</p> <ol style="list-style-type: none"> 1) Contact the site inspector or person listed on the Construction Notice and give them the yellow notice number. 2) Dispute the parking violation notice online or in person following the process listed on the reverse side of the parking violation notice. <p>You may use this construction notice as part of the explanation of why the violation should be cancelled. Please note: violation notices cannot be cancelled if vehicles are parked in illegal parking spots (i.e. in front of a fire hydrant or in no parking zones).</p>
	<p>Restoration: All areas affected by construction will be restored.</p>
