Wear your mask at all times when inside vehicles.

Open the windows while driving, if the weather permits.

CARPOOLING TO WORK
If you carpool to work, here are some tips to help reduce opportunities for COVID-19 to spread in closed spaces:

- Wash or sanitize your hands, & clean & disinfect surfaces before & after each trip.
- Sit as far apart as possible (i.e. one person in the front and one in the back).
- Open the windows while driving, if the weather permits.
- Stay home if you are sick or had close contact with a person who has COVID-19.
- Try to ride with the same people each day to limit the number of passengers.
- Wear your mask at all times when inside vehicles.
- Try to ride with the same people each day to limit the number of passengers.
