## Garbage, Recycling & Organic Waste Collection During Construction

Dear Queen Street West and Roncesvalles Avenue Resident / Business Owner:

As part of the construction currently taking place on your street, the City's contractor, Sanscon Construction Ltd. is responsible for ensuring your garbage, recycling and green bins are picked up for collection every Thursday. The City's contractor will roll the bins to the nearest corner from your property and will bring them back once emptied to the front of your property by Friday morning.

You will need to follow these steps:

1. Label all bins with your address
2. Place your bins in front of your property, by the construction fencing by **5:00 p.m., every Thursday.**

If your bins are not picked up by the City's contractor, or if you missed placing them in front of your property, please call 311 and mention the ongoing City construction.

If you have questions, please contact us.
