How Well We Are Doing – Behind the Numbers

- In 2020, to-date, the number of Official Plan Amendments, Zoning By-law Amendments and Site Plan Control applications received have trended up.
- Total number of Community Planning applications for 2020 is expected to be similar to 2019; however, their size and complexity grow.

- The number of Committee of Adjustment applications scheduled for a panel hearing was greatly impacted by the suspension of City Planning services, due to COVID-19, but it is recovering.
- Since resumption of City Planning services in June, and with revised procedures and experience using the Webex video conference platform, staff and panel members have been able to increase and schedule more applications per hearing. (A decline in October was due to fewer but more complicated applications being scheduled, and a three-month start of member cross-appointments.)

COSTS TO MAINTAIN EXISTING SERVICES

Total 2021 Base Budget expenditures of \$52.934 million gross reflecting an increase of \$2.789 million in spending above 2020 projected year-end actuals (prior to enhancements), predominantly arising from:

- Increases in salaries and benefits for existing positions, including the annualization of 13 positions added in the 2020 Budget (funded by fees and reserves), due to anticipated positions to be filled in 2021 to meet service demands, which were vacant in 2020 due to COVID-19 response.
- Continuing support of City Council directed and other initiatives; including Development Review process and service delivery, Bill 139 and 108 impacts, waterfront development and transit expansion projects.
- Above pressures are partially offset by expenditure savings arising from a line by line review and revenues from development application review fees.

Given the financial impacts of COVID-19 on 2020 actuals, a further comparison of the 2021 Base Budget to the 2020 Council Approved Budget is provided below:

- 2021 Base Budget totalling \$13.441 million in net expenditures reflects a \$0.110 million net decrease below the 2020 Council Approved Budget.

COSTS TO ENHANCE SERVICES

New and Enhanced Service expenditures of \$0.455 million gross and \$0 net, enabling:

- Additional 4 positions to accelerate development approvals for affordable housing across Toronto as part of the Housing Now Initiative (\$0.455 million gross, \$0 net).

EQUITY IMPACTS OF BUDGET CHANGES

Increasing access to affordable housing: City Planning's 2021 Operating Budget includes an investment of \$0.454 million to support the development of the Housing Now Initiative, which will have a positive impact on women, seniors, newcomers, and low-income residents, increasing their access to affordable housing. This investment supports numerous City of Toronto equity strategies and commitments including Housing Opportunities Toronto Action Plan, Social Procurement Policy, Strong Neighbourhoods Strategy, Toronto Newcomer Strategy and the Toronto Seniors Strategy.

2021 OPERATING BUDGET KEY DRIVERS

The 2021 Operating Base Budget for City Planning is \$52.934 million gross or 5.6% higher than the 2020 Projected Actuals. Table 2a below summarizes the key cost drivers for the base budget, while Table 2c summarizes New and Enhanced requests.

Salaries & Benefits: Include inflationary increases on existing salaries and benefits, and anticipated positions to be filled to meet service levels and advance City Council directed and other initiatives in 2021. These increases have been partially offset by reductions to address COVID-19 financial impacts including the cancellation of non-union performance pay and the implementation of the Voluntary Separation Program.

Other Expenditures: Include the 2021 funding for The Bentway Conservancy (\$0.800 million).

User Fees & Donations: Include inflationary increases of 1.86% to development application review fees and anticipated volume increases.

Draw from Reserve Funds: Include recoveries for staff working on the advancement of development review, Growth Plan related Zoning projects and issues arising from Provincial Bills 139 and 108.

Other Revenue and Recoveries: Include recoveries for positions addressing externally funded projects, primarily emergent activities in transit development and expansion funded by Metrolinx.

The **2021 Operating Budget** includes \$1.551 million in net expenditure reductions attributed to:

Line-by-Line Review:

- A reduction in base expenditures in equipment, rents and other expenditures contributes to City Planning's efforts to manage resources and reflect actual experience.

Revenue Increase:

- User fees increased to align to projected and inflationary increases.

Salaries and Benefits Projected Savings (Other):

- Mitigation efforts to address COVID-19 financial impacts include salaries and benefits cost containment by adopting vacancy management strategies, implementing the Voluntary Separation Program and the cancellation of non-union performance pay.

Total New / Enhanced	454.8	454.8		4.0	475.5	

Housing Now Initiative:

- Request for 4 dedicated positions (2 senior planners, 1 planner and 1 assistant planner) to accelerate development approvals for affordable housing across Toronto in support of Housing Now Initiative, a city-wide initiative and part of the HousingTO 2020-2030 Action Plan. Housing Now Initiative will enable the City to achieve its target of approving 40,000 affordable rental and supportive homes by 2030.

City Council's Housing Now Initiative has grown from the initial 4 priority projects to 17 locations across Toronto where new mixed income, mixed-use and complete communities will be built. Additional locations will be added to the initiative in 2021.

2022 & 2023 OUTLOOKS**Table 3: 2022 and 2023 Outlooks**

(\$000s)	2020 Projection	2021 Budget	2022 Outlook	2023 Outlook
Revenues	38,610.2	39,947.9	41,050.0	41,409.2

Approved Positions	450.0	451.0	451.0	449.0

Key drivers

The 2022 Outlook with total gross expenditures of \$54.665 million reflects an anticipated \$1.276 million or 2.4 per cent increase in gross expenditures above the 2021 Operating Budget. The 2023 Outlook expects a further increase of \$0.619 million or 1.1 per cent above 2022 gross expenditures.

These changes arise from inflationary increases for salaries and benefits.

These increases are partially offset by anticipated inflationary increases for development application review fees.

CAPACITY TO SPEND REVIEW

The 10-Year Capital Plan has been developed with consideration of historical demonstrated ability to spend within any given year of the ten year capital plan. A review was undertaken to ensure budgets align with City Planning's ability to spend and the markets capacity to deliver.

A key component in determining an appropriate level of annual cash flows includes historical capacity to spend reviews by project categories (Chart 2 below) as well as the level of projected 2020 underspending that will be carried forward into 2021 to complete capital work.

Chart 2 – Capacity to Spend

Capacity to Spend Review Impact on the 10-Year Plan

Growth projects such as Civic Improvements – Places and development studies like Growth Studies represent on average about 94% of the annual capital budget. These projects typically have a multi-year delivery schedule and experience project underspending due in part to the timing of construction projects coordinated with partner divisions or the complexity of studies, with the additional challenge of the COVID-19 pandemic in 2020.

City Planning continues to review its capacity to deliver and has adjusted the 10-year capital plan to average \$6.076 million in yearly spending. In addition, as part of this review, \$1.973 million of unspent 2020 funds will be carried forward into 2021.

23612		CP - Housing Now Initiative						
74	Positive	Description:						
<p>Four dedicated positions (2 Senior Planners, 1 Planner and 1 Assistant Planner) to accelerate development approvals for affordable housing across Toronto, in support of the Housing Now Initiative. Housing Now is a city-wide initiative and part of the HousingTO 2020-2030 Action Plan, which will help the City in achieving its target of approving 40,000 affordable rental and supportive homes by 2030. Council's Housing Now Initiative has grown from the initial 4 priority projects to 17 locations across Toronto where new mixed income, mixed-use and complete communities will be built. Additional locations will be added to the Initiative in 2021. The positions will be funded from the Capital Revolving Reserve Fund for Affordable Housing (XR1058).</p> <p>Service Level Impact:</p> <p>The Service Level of a 6-month planning approval processes on first 4 priority sites was achieved. Maintaining this Service Level across a larger number of Housing Now sites/proposal.</p> <p>Equity Statement:</p> <p>The Housing Now budget proposal's overall equity impact is medium positive. Many members of equity-seeking groups, including women, seniors, newcomers, and low income residents, will be positively impacted as this proposal will be used to support the development of the Housing Now Initiative, which advances a number of the City of Toronto's equity strategies and commitments including the Housing Opportunities Toronto Action Plan, Social Procurement Policy, Strong Neighbourhoods Strategy, Toronto Newcomer Strategy and the Toronto Seniors Strategy. Women, seniors, newcomers, and low-income residents are disproportionately impacted by lack of affordable housing and childcare as well as access to city spaces, which the Housing Now initiative seeks to address. An intersectional analysis shows that many of these populations are also racialized, Black, and/or Indigenous.</p> <p>Service: Development Review, Decision & Implementation</p>
