New Sidewalk Installation on Windsor Street south of Newcastle Street

Contract: 21ECS-TI-102LR

Start Date: May 2021 End Date: December 2021

**Timeline is subject to change.*

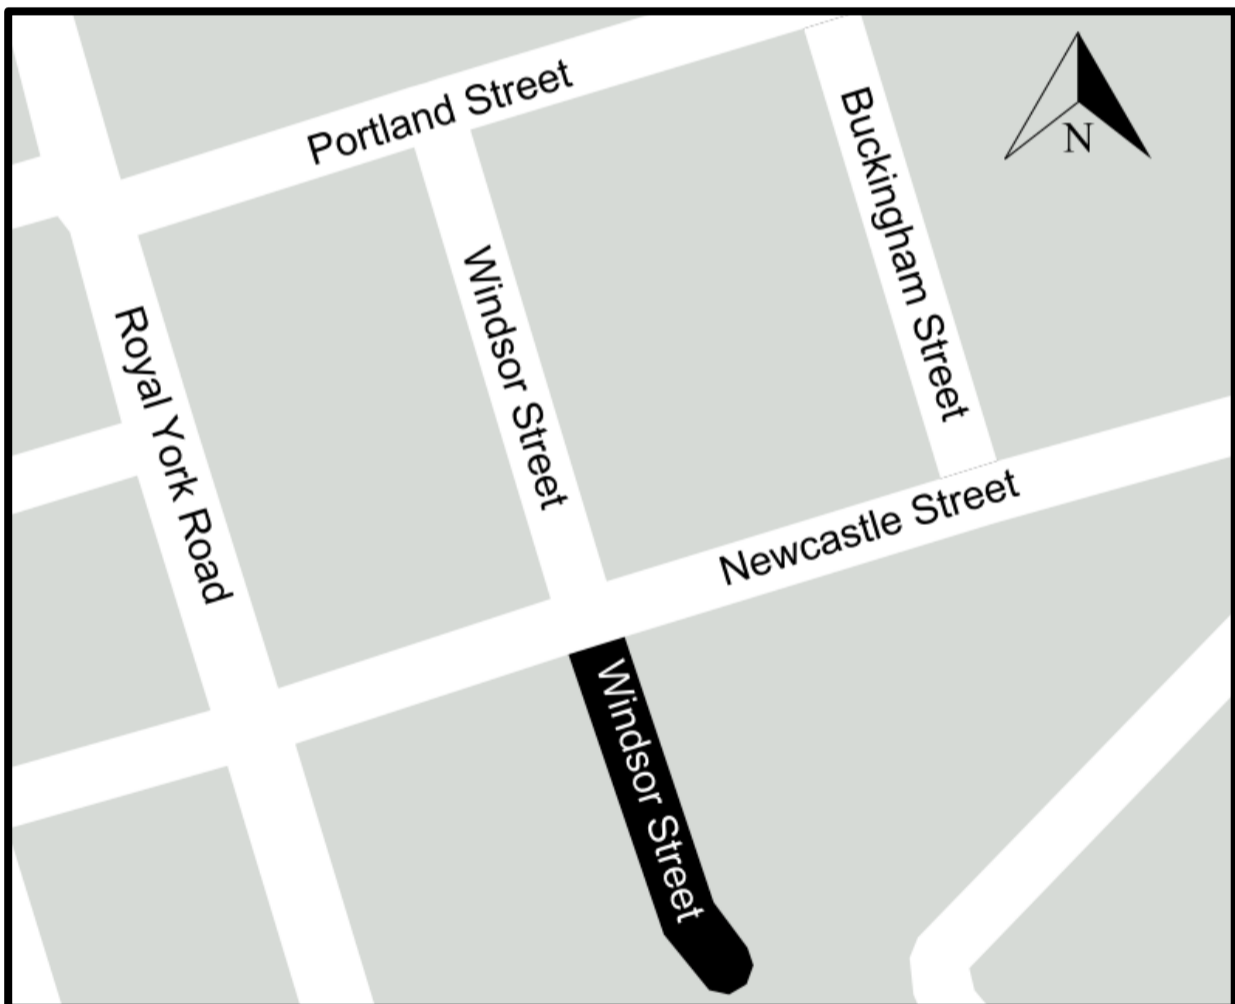

The City of Toronto is planning to install new sidewalks on Windsor Street south of Newcastle Street. Sidewalks are a critical piece of transportation infrastructure which provide accessibility and safety for all, including vulnerable road users. Our data shows that there is only a portion of sidewalk on one side of the road and therefore, this sidewalk will be extended.

This project is part of the Council-approved 2021 Capital Works Program. Installing new sidewalk is one way the City is committed to making the community safer and more accessible.
