

**Interchanging
vaccines is safe
& effective in
protecting you
against COVID-19
& its variants.**

Getting 2 doses of the COVID-19 vaccine will best protect our community. We encourage everyone to get the vaccine that is available to them for their 2nd dose.

DOSE #1
Pfizer

DOSE #2
Pfizer

Protected*

DOSE #1
Pfizer

DOSE #2
Moderna

Protected*

* Both need 2 weeks after 2nd dose for full effectiveness
