Road Safety Improvements on Symes Road, Orman Avenue and Hilldale Road

The City of Toronto is planning several road safety improvements that will be carried out as part of upcoming road reconstruction, road resurfacing and watermain replacement work on Symes Road, Orman Avenue and Hilldale Road. Work is expected to start in 2022. Once complete, this project will improve conditions for people walking, cycling and driving. A Construction Notice with detailed information about construction will be mailed to area residents and businesses before the work begins.

We invite you to find out more about this project, and meet with City staff and your local Councillor Frances Nunziata at a **Virtual Public Information Event** on **Monday, September 27, 2021** (details on page 2).

Location of Road Safety Improvements

Road Safety Improvement Details

Symes Road and Terry Drive intersection Corner radii reductions, accessible pedestrian crossings with tactile plates and updated pavement markings

Virtual Public Information Event

This Public Information Event will be conducted online and by telephone. This is based on the expert advice of the City's Medical Officer of Health to help reduce the spread of COVID-19 and to protect Toronto residents and staff. At the event, City staff will present the project and provide an opportunity for questions. Information and materials will be posted online at toronto.ca/symes prior to the event.

Virtual Public Meeting	Presentation and Question & Answer period: Monday, September 27, 2021, 7:00 p.m. to 8:30 p.m.			
		Join by computer, smart phone or tablet		Join by phone (audio only)
