

Last Updated: September 24, 2021

PollinateTO gardens may only be proposed in City parks listed on this Pre-Approved City Parks List. Projects and/or garden locations proposed in City parks that are not on this list will not be considered.

You do not need to submit a property owner permission letter for gardens proposed in any of the parks on this list as these sites have already been pre-approved.

Similarly, you do not need to contact the Park Supervisor at the application stage. If your application is conditionally approved, your group will be connected with the appropriate Parks staff.
