## About City Guidelines

Under the authority of the Housing Services Act, the City of Toronto, Shelter, Support and Housing Administration (SSHA) Division City Guidelines and Rent-Geared-to-Income (RGI) Manual are the authority for housing administration and RGI administration for social housing providers in the City of Toronto.

City Guidelines are the City of Toronto's mandatory policies and procedures that social housing providers must follow. City Guidelines are most often issued when a Local Rule is established by the City of Toronto, the Rent-Geared-to-Income (RGI) manual is updated, or other relevant legislative changes or operational requirements occur. City Guidelines which impact RGI have been incorporated into the RGI Manual.

The <u>Ministry of Municipal Affairs and Housing</u> provides indices for costs and revenues used to calculate subsidies under the *Housing Services Act, 2011* (HSA) on an annual basis.

#### What you should know about Cost Factors

Cost factors are inflationary factors used to calculate:

- the indexed Benchmark operating costs within the operating subsidy calculation; and
- capital replacement reserve fund allocations.

Housing providers must use the following cost factors when calculating their subsidies for fiscal years beginning in 2022.
