Watermain Replacement on The West Mall from Waulron Street to 191 The West Mall

Contract: 21ECS-LU-04SU
Start Date: August 30, 2021
End Date: June 2022
**Timeline is subject to change.*

The City of Toronto's project to replace the watermain and the City-owned portion of substandard water services on The West Mall from Waulron Street to 191 The West Mall is nearly complete.

Due to unforeseen delays, the planned permanent restoration of areas affected by the watermain installation on The West Mall from Waulron Street to 191 The West Mall has been deferred until Spring 2022. The last day for construction work in this area was December 10, 2021.

Prior to leaving the site, the contractor temporarily restored sidewalks, curbs, and the roadway with temporary asphalt, and temporarily restored lawn areas with soil. Once weather conditions are favourable, the contractor will return in Spring 2022 to permanently restore the curb, sidewalk, sod and roadway. A construction update notice will be issued before work re-starts. If you have any concerns regarding the condition of the temporary restoration during winter break, please contact the Field Ambassador listed below.

IMPORTANT INFORMATION ABOUT COVID-19 AND CONSTRUCTION WORK IN TORONTO

During construction, the contractor is responsible for the Health & Safety on site under the Ontario Occupational Health and Safety Act and is expected to implement COVID-19 mitigation practices. For more information on the City's response to COVID-19 please visit toronto.ca/covid-19.
