Road Resurfacing on Clueson Park

Contract: 21ECS-TI-103LR

Start Date: Late January 2022 End Date: July 2022

**Timeline is subject to change.*

The City of Toronto is planning to resurface Clueson Park. Our inspection of the road shows that it needs repaving to bring it to a state of good repair. Clueson Park was originally designed with ditches on both sides of the road to manage storm water runoff, instead of a storm sewer under the road. Ditches, as part of the drainage system, are intended to manage storm events within the City's right-of-way and prolong the lifespan of the roadway. The existing ditches will be cleaned and regraded and existing culverts will be replaced.

This project is part of the Council-approved 2021 Capital Works Program to renew aging City roads for current and future needs.

IMPORTANT INFORMATION ABOUT COVID-19 AND CONSTRUCTION WORK IN TORONTO

During construction, the contractor is responsible for the Health & Safety on site under the Ontario Occupational Health and Safety Act and is expected to implement COVID-19 mitigation practices. For more information on the City's response to COVID-19 please visit toronto.ca/covid-19.

MAP OF WORK AREA

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.

- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Field Ambassador listed below.</p>
	<p>Important information for owners of sprinkler systems / heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage.</p> <p>This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. If you have a sprinkler system or heated driveway, please contact the Field Ambassador listed below.</p>
