

**DELEGATED APPROVAL FORM**  
**DIRECTOR, REAL ESTATE SERVICES**  
**MANAGER, REAL ESTATE SERVICES**

**TRACKING NO.: 2022-029**

Approved pursuant to the Delegated Authority contained in Article 2 of City of Toronto Municipal Code Chapter 213, Real Property

Prepared By:	Joe Corigliano	Division:	Corporate Real Estate Management
Date Prepared:	January 20 <sup>th</sup> , 2022	Phone No.:	(416) 392-1167

<b>Purpose</b>	To obtain authority to grant a Licence Extension Agreement (the "Licence") in favour of Imperial Oil Limited (the "Licensee"), over parts of multiple City properties that have been identified as required for the Waterdown to Finch Pipeline Replacement project, for the purposes of access and construction staging, in order to facilitate the installation of an oil pipeline.
<b>Property</b>	City properties along the existing pipeline route and any other additional City-owned Properties required for the Waterdown to Finch Pipeline Replacement project, listed in Appendix "A" and shown coloured green in the sketches attached in Appendix "B" (the "Licensed Areas").
<b>Actions</b>	1. Authority be granted to enter into the Licence Extension Agreement in favour of Imperial Oil Limited for the access, construction staging, storage of vehicles, equipment and materials in order to facilitate and carry out the installation of an oil pipeline (the "Works") further described in Appendix "C", on terms and conditions as set out herein and as deemed appropriate by the Director, Real Estate Services, or his or her designate, and in a form satisfactory to the City Solicitor.
<b>Financial Impact</b>	Total licence fee revenues to the City for the Licensed Area identified on Appendix "B" are \$84,450.00 (plus HST) which is considered fair market value and proceeds will be directed to the 2022 Council Approved Operating Budget for Corporate Real Estate Management under cost center FA1379.  The Chief Financial Officer and Treasurer has reviewed this DAF and agrees with the financial implications as identified in the Financial Impact section.
<b>Comments</b>	Imperial Oil operates the Waterdown to Finch pipeline which runs from the Waterdown pump station in rural Hamilton to the terminal storage facility at 1150 Finch Avenue West in North York. The existing pipeline has reached the end of its useful life and is planned to be decommissioned and replaced with 63 km of 12-inch diameter pipeline running parallel to the existing pipeline for the transportation of refined petroleum. In March 2020, Imperial Oil received 'Leave to Construct' approval from the Ontario Energy Board which is a Provincial regulatory body that regulates utilities in the public interest.  Within Toronto, the pipeline crosses Wards 2,1,7 and 6 on the route to the terminal facility in North York as shown in Appendix "D" largely within the hydro corridor. In addition to the Licensed Areas, Hydro One owned lands that are licensed to the City for use as parks are also required for pipeline construction activities. The construction will cause disruptions to some Parks infrastructure and recreational trails and Imperial Oil has agreed to mitigate disruptions to recreational trails and provide alternate routes and signage as needed.
<b>Terms</b>	The original terms were approved by Delegated Approval Form # 2021-217  Continued on Page 4
