Renewing Overlea Boulevard

Overlea Boulevard from Don Mills Road to Thorncliffe Park Drive

The City of Toronto is proposing to improve safety for people traveling along Overlea Boulevard at the following locations:

1. Don Mills Road, Overlea Boulevard, and Gateway Boulevard intersection
2. Overlea Bridge
3. Overlea Boulevard, west of the bridge to Thorncliffe Park Drive
4. Thorncliffe Park Drive East & Overlea Boulevard intersection

The City is proposing changes now because the Overlea Bridge deck, which was constructed in the 1960s, is in need of replacement. The most cost-effective time to implement change is when a replacement is needed. Proposed changes include:

- Wider sidewalks, public art and enhanced public spaces
- New protected bicycle lanes
- Enhanced bus stops
- Intersection changes that maintain roadway uses for people driving, transit, deliveries, and emergency services
- No change to motor vehicle lanes, 2 lanes maintained in each direction.
