Berry Road Pedestrian Bridge Rehabilitation over Mimico Creek

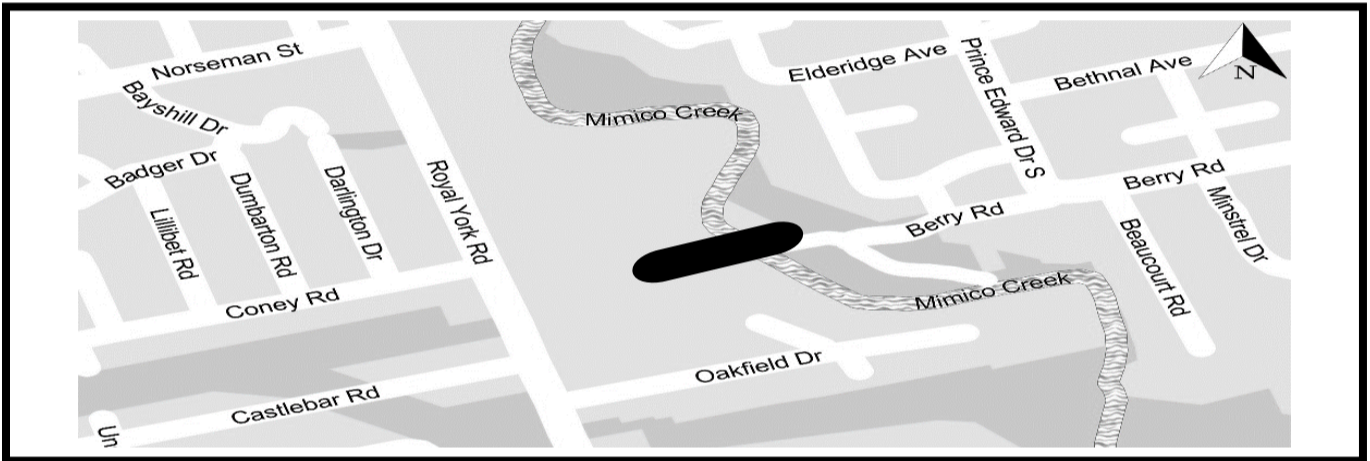

Contract: 22ECS-BE-11BSE
Start Date: July 1, 2022 End Date: November 30, 2022
**Timeline is subject to change.*

The City of Toronto is planning to rehabilitate the Berry Road pedestrian bridge over Mimico Creek. This work will ensure that this bridge meets today’s standards, except Accessibility for Ontarians with Disabilities Act (AODA), and remains safe for pedestrians into the future. The project is part of the Council-approved 2022 Capital Works Program.

IMPORTANT INFORMATION ABOUT COVID-19 AND CONSTRUCTION WORK IN TORONTO

During construction, the contractor is responsible for the Health & Safety on site under the Ontario Occupational Health and Safety Act and is expected to implement COVID-19 mitigation practices. For more information on the City's response to COVID-19 please visit toronto.ca/covid-19.

MAP OF WORK AREA

WORK DETAILS

For this project, the City's contractor will:

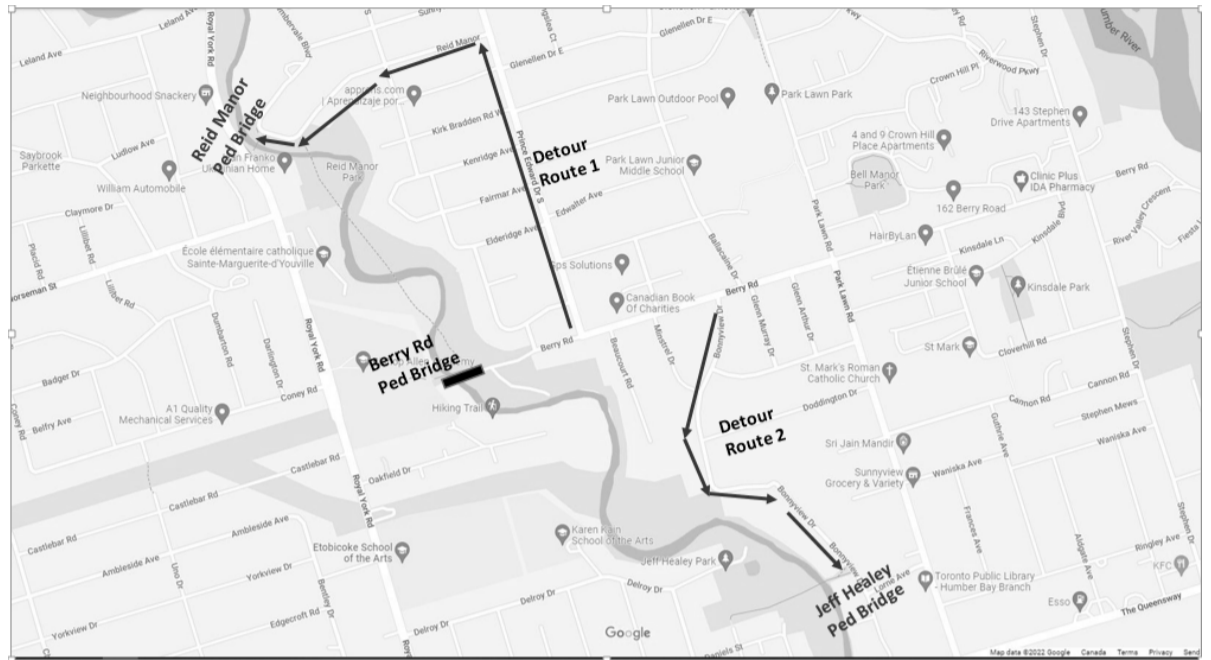

- Repair concrete deck top between east abutment and west pier
- Concrete patch repair on deck staircase and deck soffit, face of abutments, ballast wall, retaining walls and piers
- Re-construct east deck approach and expansion joints
- Install new bicycle height steel hand railing
- Re-coat existing girders and diaphragms
- Apply concrete sealer to exposed abutments, piers, and wingwalls
- Install slope protection at west abutment and piers
- Install new bearings

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce impacts. We appreciate your patience.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required.</p>
	<p>Pedestrians Access: The bridge will remain <u>closed to pedestrians</u> for the duration of construction.</p> <p>Detour: The City's Contractor will put up signage and direct students/pedestrians to take following detour route to cross Mimico Creek:</p>

- At South, cross Mimico Creek through Jeff Healey Park bridge at Bonnyview Drive
- At North, cross Mimico Creek through Reid Manor Park bridge

On-Site Communication: There are times when contractors need to communicate with homeowners about what is happening on-site. This could be about driveway access, water shut offs, pre-construction inspections, and site restoration work (landscaping, installing pavers etc.). Contractor's staff will be identifiable by their high-visibility company branded clothing and will follow relevant COVID protocols. If you need to speak with staff on the construction site, please ask for the Site Inspector and follow public health directions for reducing the spread of COVID-19 during in-person communication.

Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the **Field Ambassador** listed below.

Restoration: The construction work area will be restored with sod, concrete and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).
