City of Toronto Energy Retrofit Loan

Notes:

1 – For the loan request to be considered, applicant must demonstrate a need for City Financing and the project **cannot** be completed prior to detailed application submission and approval.

2 – Please be advised that all information collected on this form is business information and will be maintained as public record.

3 – By applying for, participating in, and/or providing information for this City program, you agree that the City is not responsible for or liable to you for any adverse impacts that may result from you receiving or relying on the results that the City provides or presents to you. Such results are estimates based in part on written and verbal project information, as well as onsite viewings if they occur, that you and your agents facilitate or submit to the City through this program.
