

# NUIT BLANCHE 2022

## EXPLORE THE SPACE BETWEEN US

People are the heart of their communities. Led by Artistic Director Dr. Julie Nagam, this year's curatorial theme invites artists to transform the city with works that tell stories about their connection to place, culture, community and the environment. With a focus on urban, polar and Pacific landscapes, the artworks presented at Nuit Blanche 2022 portray **the space between us** as a potential site for sharing knowledge and exploring collective experiences through the power of art. Now, more than ever, we need to build bridges between cultures with the hope of creating wonder, awe and excitement in the City of Toronto.

## GETTING AROUND

Access the event by foot, bike or transit. For the latest information on TTC extended services and diversions, visit [TTC.CA](http://TTC.CA).
