

Final Report

Yorkdale Transportation Master Plan

City of Toronto
December 2, 2022

This page is intentionally left blank.

City of Toronto Land Acknowledgement

We acknowledge the land discussed in this report is the traditional territory of many nations including the Mississaugas of the Credit, the Anishnabeg, the Chippewa, the Haudenosaunee and the Wendat peoples and is now home to many diverse First Nations, Inuit and Métis peoples. We also acknowledge that Toronto is covered by Treaty 13 with the Mississaugas of the Credit.

Contents

City of Toronto Land Acknowledgement	i
1 Introduction	1
1.1 Study Area	1
1.2 TMP Purpose and EA Process	3
2 Policy Context and Background Studies	4
2.1 Provincial Policy Framework	4
2.1.1 Provincial Policy Statement, Ontario (2020)	4
2.1.2 Connecting the GGH: A Transportation Plan for the Greater Golden Horseshoe (2022).....	4
2.1.3 2041 Regional Transportation Plan For the Greater Toronto and Hamilton Area, Metrolinx (2018).....	5
2.1.4 Transit Supportive Guidelines, Ministry of Transportation (2012).....	5
2.1.5 #CycleON: Ontario’s Cycling Strategy (2018).....	6
2.2 City of Toronto Policy Framework	7
2.3 Design Guidance	7
2.3.1 Complete Street Policies and Guidelines (2014)	7
2.3.2 Vision Zero Road Safety Plan	8
2.4 Background Studies	9
2.4.1 Lawrence-Allen Secondary Plan (2011).....	9
2.4.2 Tippett Road Area Regeneration Study (2015).....	13
2.4.3 Dufferin Street Secondary Plan (2015).....	15
2.4.4 Downsview Area Secondary Plan (2011)	25
2.4.5 Surface Transit Operational Improvement Studies (2016).....	28
2.4.6 Dufferin-Wilson Regeneration Area Study (2017).....	28
2.4.7 Yorkdale Shopping Centre Transportation Master Plan (2017).....	30
2.4.8 Yorkdale Block Master Plan	30
2.4.9 Improving Transit along the Dufferin Street Corridor (2018).....	33
3 Public and Agency Consultation	34
3.1 Overview.....	34
3.1.1 Public Notices.....	34
3.2 Public Consultation.....	35
3.2.1 Phase 1	35
3.2.2 Phase 2	35
3.3 Local Advisory Committee Meetings	36
3.4 Property Owners Consultation	37
3.5 First Nations Consultation	37
3.6 Review Agencies and Utilities	38
3.7 Technical Advisory Committee Meetings	38
4 Existing Conditions	39
4.1 Local Area Characteristics	39
4.1.1 Natural Heritage	39
4.1.2 Cultural and Archaeological Heritage.....	39
4.2 Land Use and Demographics.....	40
4.2.1 Land Use	40
4.2.2 Population and Employment Forecasts	40
4.2.3 Development Applications.....	41

4.3	Travel Trends	43
4.3.1	Travel Demand	43
4.3.2	Travel Patterns	45
4.3.3	Trip Purpose	47
4.3.4	Mode Share	48
4.3.5	Active Transportation Trips	50
4.4	Existing Street Network	51
4.4.1	Road Classification and Network Continuity	51
4.4.2	Existing Network Constraints and Challenges	54
4.4.3	Street Connectivity Index	57
4.4.4	Intersection Density	59
4.4.5	Travel Demand Modelling and Analysis	60
4.4.6	Existing Intersection Operations	62
4.4.7	Collision Analysis	78
4.4.8	Goods Movement	82
4.5	Transit Network	84
4.5.1	Local Transit	84
4.5.2	Regional Transit	95
4.6	Cycling Network	97
4.6.1	Cycling Network	97
4.6.2	Bicycling Level of Service (BLOS)	100
4.7	Pedestrian Network	103
4.7.1	Pedestrian Environment	103
4.7.2	Active Connectivity	108
4.7.3	Pedestrian Demand	109
4.7.4	Walkshed Analysis	111
4.7.5	Pedestrian Level of Service (PLOS)	112
5	Transportation Challenges and Opportunities	116
5.1	Improving travel connections through a finer street grid	116
5.2	Establishing Yorkdale Shopping Centre as a multi-modal transit hub by improving services, operational reliability, and access to TTC and GO Transit	116
5.3	Improving Active Transportation connections to promote walking and cycling	117
5.4	Designing streets to safely accommodate all users	117
5.5	Improving access to and from municipal expressways and provincial highways while protecting for the safety of all users	117
5.6	Improving Streetscape and the public realm, consistent with the future vision for the area	117
6	Problem and Opportunity Statement	118
7	Future (2041) Base Conditions	119
7.1	Active Transportation	119
7.2	Transit	122
7.3	Auto	124
7.3.1	2041 Base Aimsun Demand Loading	125
7.3.2	2041 Base Aimsun Network Performance	127
7.3.3	2041 Base Intersection Operations	127
8	Alternative Land Use Options	130
8.1	Scenario 1: Oxford Proposed Development	130
8.2	Scenario 2: City Proposed Development	132

8.3	Comparison of Land Use Alternatives.....	132
8.4	Transportation Assessment of Land Use Alternatives	134
8.4.1	Active Transportation	134
8.4.2	Transit	136
8.4.3	Auto	136
9	Alternative Solutions.....	146
9.1	Long-list Pedestrian and Cycling Solutions Evaluation Results.....	147
9.2	Long-list Transit Solutions Evaluation Results.....	149
9.3	Long-list Road Intersection Solutions Evaluation Results.....	152
9.4	Long-list Infrastructure Solutions Evaluation Results.....	153
10	Traffic Analysis of Short-List Solutions.....	156
10.1	Scenario A – Boundary Road Improvement.....	157
10.2	Scenario B through Scenario H – Sensitivity Analysis	162
10.3	Scenario J - All Improvement Condition.....	164
10.4	Finding Summary	168
11	Selection of Preferred Solutions.....	170
11.1	Evaluation of Short-List Pedestrian and Cycling Solutions	172
11.1.1	Recommended Pedestrian and Cycling Solutions.....	178
11.2	Shared Mobility Hub Demand Analysis.....	184
11.2.1	Assumptions.....	184
11.2.2	Recommendations	185
11.3	Evaluation of Transit Solutions.....	186
11.3.1	Recommended Transit Solutions	186
11.4	Evaluation of Short-List Road Intersection Solutions.....	189
11.4.1	Recommended Road Intersection Solutions.....	194
11.5	Evaluation of Short-List Infrastructure Solutions.....	197
11.5.1	Recommended Infrastructure Solutions.....	202
12	Property Impacts	205
13	Implementation Plan.....	209
13.1	Policy Direction.....	209
13.1.1	Schedule of New Streets and Road Improvements	209
13.1.2	Official Plan Amendments	210
13.1.3	Cycling Network Plan Amendments.....	210
13.2	Cost	211
13.3	Key Agency Concerns, Mitigation, and Future commitments	211
13.3.1	Ministry of Transportation (MTO)	211
13.3.2	Metrolinx.....	212
13.3.3	Toronto Transit Commission (TTC).....	212
13.4	Implementation of Solutions	212
13.5	Phasing of Improvements.....	215
13.5.1	Development triggers analysis	215
13.5.2	Implementation Plan.....	216
13.6	Travel Demand Management Implementation	218
13.6.1	Innovative Mobility Plan Checklist.....	219
13.6.2	Smart Commute Programs	220

13.6.3 Cycling Programs	221
13.7 Recommended Studies	221
13.8 Monitoring Plan	222
13.9 Funding Tools and Programs	222
13.9.1 Development Charges.....	222
13.9.2 Federal Gas Tax Fund	223
13.9.3 Ontario Gasoline Tax	223
13.9.4 Ontario Municipal Cycling Infrastructure Program	223
13.9.5 Additional Programs	223
