Realignment of the Sanitary Trunk Sewer System at the Dufferin Street G. Ross Lord Reservoir from Finch Avenue West to west of Dollery Crescent

Contract: 22ECS-LU-03TT

Start Date: February 2023 End Date: October 2024

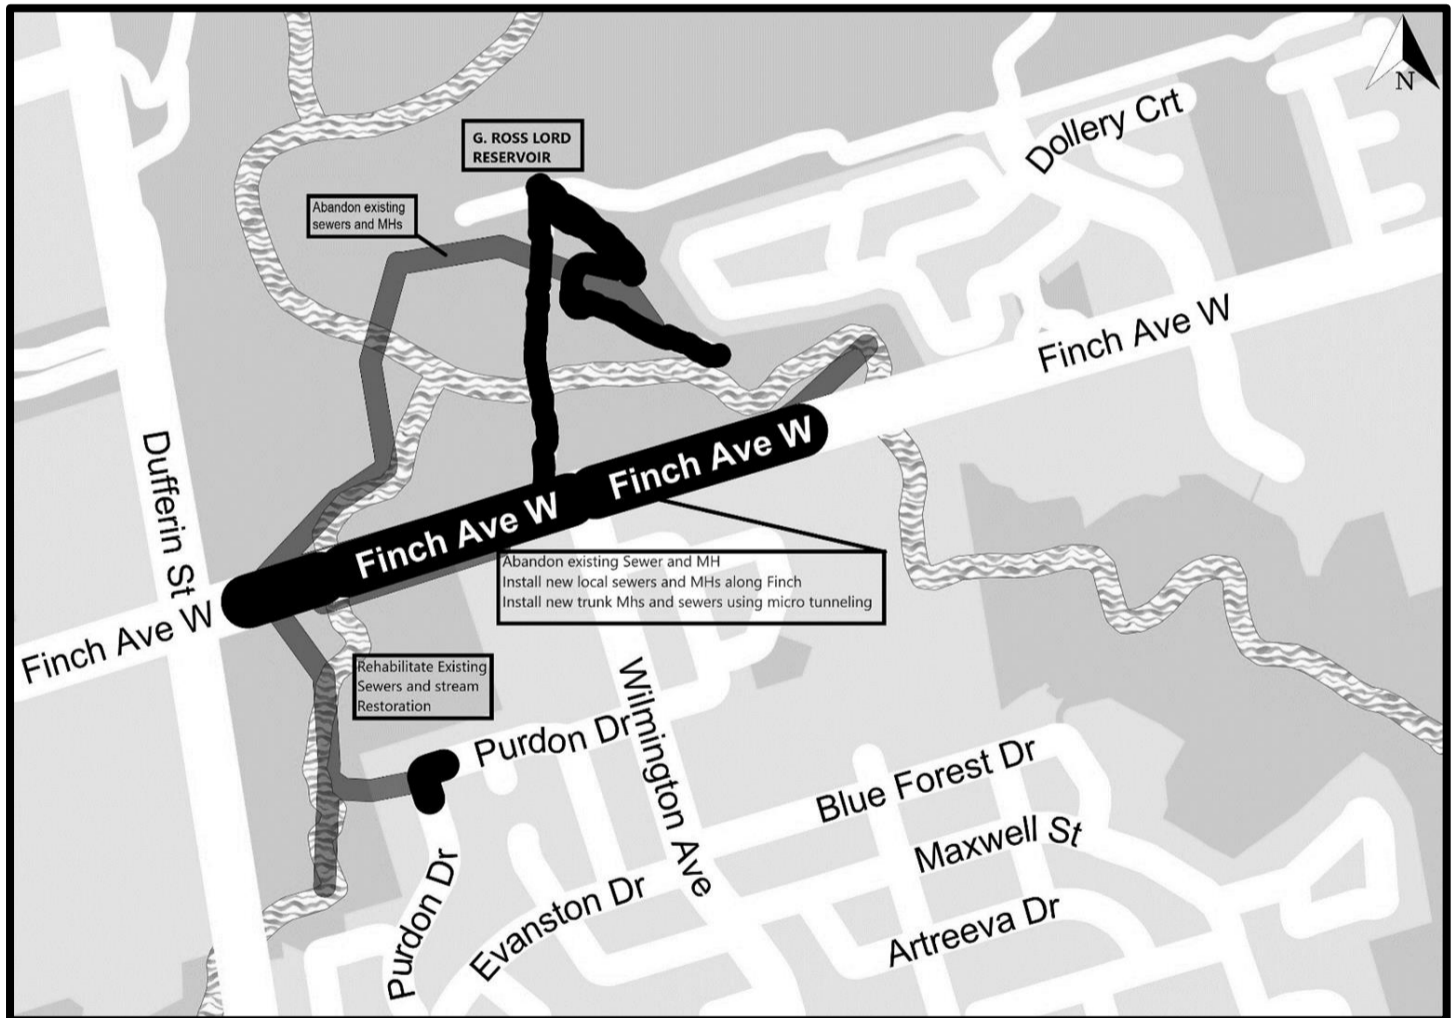

**Timeline is subject to change.*

The City of Toronto plans to realign the sanitary trunk sewer from under the G. Ross Lord Reservoir to a New Alignment South of the Reservoir Using Micro Tunneling; Rehabilitation of the Sanitary Trunk Sewer; abandon the existing sanitary trunk sewer situated under the reservoir.

The sanitary trunk sewer is an underground pipe that collects wastewater from sewers and delivers it to wastewater facilities for treatment.

This project is part of the Council-approved 2021 Capital Works Program to renew the City's aging sewer infrastructure and will extend the service life of the trunk sewer section by approximately 50 years.

MAP OF WORK AREA

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Project Manager listed below.</p>
	<p>Access to Your Home: The City-hired contractor may need access to the interior and exterior of your home to complete a pre-construction condition survey. Affected properties will receive a request to schedule a time to complete the pre-construction condition survey. Although participation is voluntary, the pre-construction survey results may be useful to confirm claims for potential damage caused by City construction.</p>
	<p>Important information for owners of sprinkler systems / heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage.</p> <p>This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. If you have a sprinkler system or heated driveway, please contact the Project Manager listed below.</p>
