

December 29, 2022

Watermain Replacement on Seventeenth Street

Contract: 22ECS-LU-02SU

Start Date: October 3, 2022 - End Date: September 2023

Winter Shutdown: December 23, 2022

Permanent Restoration: Spring 2023

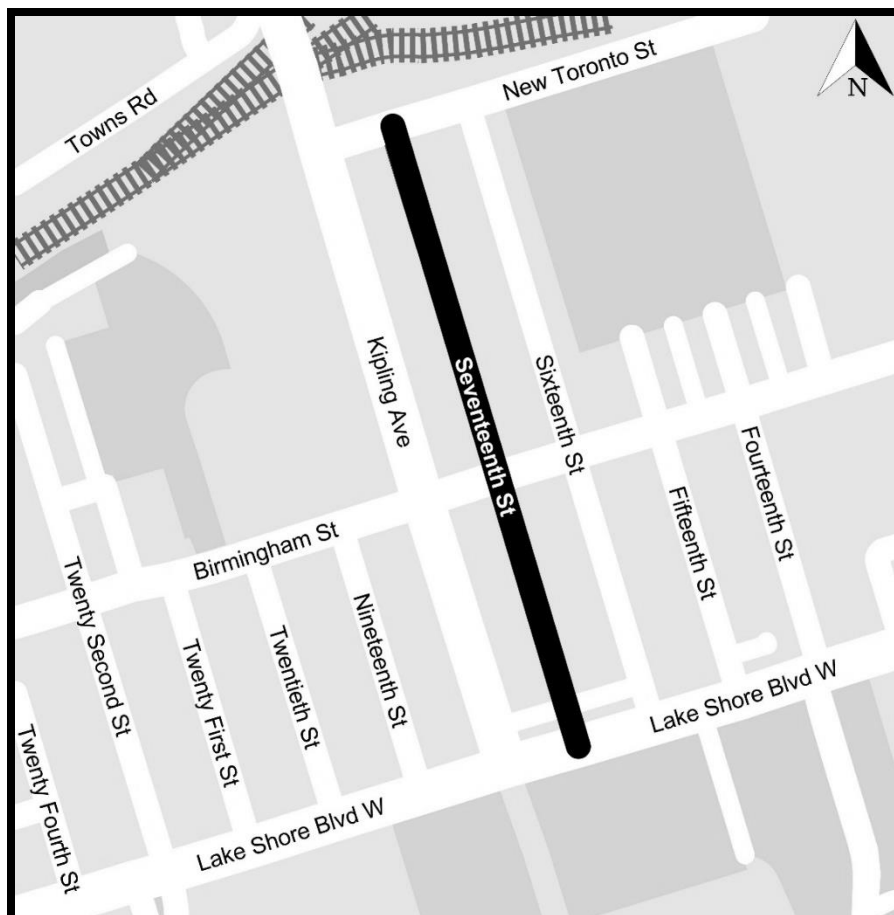

**Timeline is subject to change.*

The City of Toronto's project to replace the watermain and the City-owned portion of substandard water services on Seventeenth Street is almost complete. Due to ground and weather conditions, the contractor will take a break over the winter and construction work wrapped up on December 23, 2022.

Prior to leaving the site, the contractor temporarily restored driveways, sidewalks/curbs, and the roadway with temporary asphalt, and temporarily restored lawn areas with soil. Once weather conditions are favourable, the contractor will return in the spring of 2023 to permanently restore the curb/sidewalk, sod, and roadway. A construction update notice will be issued before work restarts.

If you have any concerns regarding the condition of the temporary restoration during the winter break, please contact the Field Ambassador listed below.

MAP OF WORK AREA

WORK STATUS TO-DATE

The contractor has:

- Installed the new watermain;
- Transferred water services to the new main;
- Replaced any water service pipes that did not meet City standards from the watermain to the private property line; and
- Temporarily restored areas affected by watermain and water service installation.

REMAINING WORK

- In the spring of 2023, the contractor will permanently restore areas affected by the watermain and water service installation.
