Watermain Replacement on Disan Court

Contract: 22ECS-LU-02SU

Start Date: September 19, 2022

Winter Shutdown Begins: December 23, 2022

Permanent Restoration: Spring 2023

End Date: September 2023

**Timeline is subject to change.*

The City of Toronto's project to replace the watermain and the City-owned portion of substandard water services on Disan Court is almost complete. Due to ground and weather conditions, the contractor will be shutting down the site for the winter. Work this year wrapped up on December 23, and will resume in the spring of 2023.

Prior to leaving the site, the contractor permanently restored driveways, and temporarily restored sidewalks/curbs and the roadway with temporary asphalt, and temporarily restored lawn areas with soil. Once weather conditions are favourable, the contractor will return in the spring of 2023 to permanently complete the sidewalk/curb, sod, and roadway. A construction update notice will be issued before work restarts.

If you have any concerns regarding the condition of the temporary restoration during the winter shutdown, please contact the Field Ambassador listed below.

MAP OF WORK AREA

WORK STATUS TO-DATE

The City's contractor has:

- Installed the new watermain;
- Transferred water services to the new main;
- Replaced any water service pipes that did not meet City standards from the watermain to the private property line; and
- Completed driveway restoration;
- Temporarily restored areas affected by watermain and water service installation

REMAINING WORK

- In the spring of 2023, the contractor will permanently restore areas affected by watermain and water service installation.
