Solid Waste Management Services	Adam Gerrard	Director, Business Services		-	The CPA Public Sector Virtual Conference 2022; focus is on topics relevant to the City's business environment including: various ESG related topics, resiliency, reconciliation, ethics, evolving work environments, and transformational leadership. In addition, the agenda includes segments on data privacy/security, analytics, and other technology topics relevant to the division and, more specifically, the Business Services portfolio. The information and knowledge gained from attending is applicable to the Section's areas of responsibility within the Division, and directly to that of the role as Director, Business Services	660	-	660	
Solid Waste Management Services	Annette Synowiec	Director, Policy, Planning & Outreach		-	2022 SWANA Canadian Symposium was held in Banff, Alberta, Canada. Director Annette Synowiec was speaking at this event on behalf of the City of Toronto. This event was for municipalities, industry, suppliers and consultants from across Canada and the US to come together to share experiences, new ideas and meet with colleagues and network. With new skills in Safety, Disaster Debris Management, Climate Change, Landfills, Recycling, and Technology, delegates would leave equipped with the skills and information needed to climb to new peaks in their own organizations. They Symposium was paired with a Solid Waste Association of North America (SWANA) – Ontario Chapter Annual General Meeting (AGM) and Facility Tour 2022 was held at 1001 Erb Street South, Waterloo, ON. SWANA ON 2022 AGM and Landfill Tour provided the opportunity to network with staff from the County of Wellington, Region of Waterloo, Niagara Region, Waste Connections, and the Ministry of the Environment Conservation and Parks (MECP) Policy Branch. The tour shared information on the challenges of operating an active landfill in very close proximity of residential housing and an active shopping hub/ recreational facilities. There was also discussion about the experience and studies ongoing with bio-fouling of the leachate and as a result complications and challenges with landfill maintenance equipment (like pumps, wells, traps, screens, etc.). The black tar like substance is extremely tensile and difficult to manage and treat/eliminate. MECP provided a presentation on their work related to SWMS approves the Request for Authorization for Carlyle Khan to participate as a speaker, at the CGA Energy Nexus, held on April 26-28, 2022 in Vancouver, BC.Participated in CGA's inaugural Energy Nexus event, a forum on the growing role of gaseous energy - natural gas, hydrogen and RNG - in Canada. Panelist challenged the traditional ways of thinking as municipalities dive into the latest developments in energy innovation, affordability, 2022 MEA CONFERENCE & AGM within GTA: Theme - Untapped/Re-Engineering and Realizing Opportunities to IURC NA Networking Event	2,132	-	2,132
