Watermain Cleaning and Relining in your local parks

Contract: 23TW-CTS-02CWD
Start Date: August 1, 2023
End Date: December 31, 2023
**Timeline is subject to change.*

The City of Toronto will be cleaning and relining the watermain in your local parks starting in August 2023. The work will take place within **Budd Sugarman Park** and **Severn Creek Park**. Please see a map of the work area below. This project is part of the Council-approved Capital Works Program to renew Toronto's aging infrastructure, improve water distribution and reduce the risk of watermain breaks.

Impacts to the parks are expected, including excavation work. Park and trail access will be maintained.

MAP OF WORK AREA

WORK DETAILS

In the first few weeks, the City's contractor will move equipment on-site and prepare the work area before construction begins. Construction crews will then:

- excavate pits in the road to access the watermain;
- clean and structurally re-line the existing watermain;
- restore all work areas with asphalt, concrete or grass.

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- The City will not be responsible for damage to any privately-owned items on City property.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required and in accordance with the City's Noise Bylaw. Night work may be required as part of this project. You will be notified in advance of any changes to work hours.</p>
	<p>Construction Noise: You may experience intermittent noise and vibration during construction (from vacuum trucks, power generators, air compressors, etc.). All work will comply with the City of Toronto's Noise Bylaw.</p>
	<p>Restoration: The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October). Permanent restoration of the curb and sidewalk will take place within 18 to 24 months.</p>
	<p>Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Field Ambassador listed below.</p>
	<p>Parking: Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it will be re-located at no charge to the owner. If your vehicle is moved, please contact parking control for its location at 416-808-2222.</p> <p>In the event you receive a parking violation notice for on-street parking during this period of construction, you may choose to dispute your ticket following the process listed on the reverse side of the parking infraction notice. Violation notices cannot be cancelled if vehicles are parked in illegal parking spots (i.e. in front of a fire hydrant or in a no parking zone). You may use this notice as part of your defence for parking consideration during construction; however, the Project Manager/Field Ambassador does not have the authority to cancel any parking tickets.</p>

Harassment at City of Toronto construction sites is not tolerated. If you would like to make a complaint, please call 311.

NEED MORE INFORMATION?

If you have questions about the upcoming work, please contact us and quote **23TW-CTS-02CWD**.
