

Basement Flooding Study Area 53

Municipal Class Environmental Assessment Notice of Study Completion

The City of Toronto has completed a Municipal Class Environmental Assessment (EA) study that examines surface and basement flooding within Study Area 53 and identifies improvements that can be made to city infrastructure to reduce the risk of future flooding. The Study Area 53 EA is bound by Marine Parade Drive, the CN rail line, Burlington Street and Lake Ontario, and has experienced basement and surface flooding during severe rainstorms in the past.

Following consultation with technical agencies and the public, the City is recommending:

- a new 1500 mm storm sewer along Lake Shore Boulevard West, south of TTC streetcar track from Fleeceline Road to existing Mimico Creek storm sewer outfall
- four high capacity catch basins on Lake Shore Boulevard West along the new storm sewer and at Greystone Court
- upsizing the local storm sewer on Legion Road to 450 mm and 750 mm pipes, with inlet control devices upstream
- upsizing the existing Mimico Creek storm water outfall to 1500 mm at Humber Bay Park.

The study has been planned following the Schedule B process in the Municipal Class Environmental Assessment.

Opportunities for review

A Project File Report has been placed on public record for a **30-day review period starting August 16 to September 14, 2023.**

It is available for review at www.toronto.ca/bf53. Interested persons may provide written comments to our project team by **September 14, 2023.**

All comments and concerns should be sent directly to:

 **Tracy Manolakakis**
Manager, Public Consultation
55 John Street, 19th Floor Metro Hall
Toronto ON M5V 3C6

 **Tel: 416-392-2990**
Email: floodingstudy@toronto.ca

In addition, a request to the Ministry of the Environment, Conservation and Parks for an order imposing additional conditions or requiring an individual environmental assessment may be made on the grounds that the requested order may prevent, mitigate, or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights.

Requests should specify what kind of order is being requested (additional conditions or an individual environmental assessment), explain how an order may prevent, mitigate or remedy potential adverse impacts, and any supporting information.

The request should be sent in writing or by email to:
Minister of the Environment, Conservation and Parks
Ministry of Environment, Conservation and Parks
777 Bay Street, 5th Floor, Toronto ON M7A 2J3
minister.mecp@ontario.ca

AND

Director, Environmental Assessment Branch
Ministry of the Environment, Conservation and Parks
135 St. Clair Ave. W, 1st Fl. Toronto, ON M4V 1P5
EABDirector@ontario.ca

Requests should also be copied to the City of Toronto. For more information on requests for orders under section 16 of the Environmental Assessment Act visit:

<https://www.ontario.ca/page/class-environmental-assessments-section-16-order>

All personal information included in your request – such as name, address, telephone number and property location – is collected, under the authority of section 30 of the *Environmental Assessment Act* and is collected and maintained for the purpose of creating a record that is available to the general public. As this information is collected for the purpose of a public record, the protection of personal information provided in the *Freedom of Information and Protection of Privacy Act* (FIPPA) does not apply (s.37). Personal information you submit will become part of the public record that is available to the general public unless you request that your personal information remain confidential.

Issue Date: August 16, 2023
