## Watermain Cleaning and Relining on your street

In Spring 2023, the City of Toronto distributed a Construction Notice for watermain cleaning and relining work scheduled to take place in your neighbourhood on **Cobham Crescent from Wyndcliff Crescent to Sloane Avenue**. As a result of Basement Flooding Protection Program work, the watermain cleaning and relining work has now been deferred until 2024. We apologize for the inconvenience. The City will distribute a new Construction Notice when the work is rescheduled.

Please be advised that the Basement Flooding Protection Program (20ECS-LU-02FP) is in progress on Cobham Crescent and will be completed by Fall 2023. The Watermain Cleaning and Relining Program (23TW-CTS-03CWD) will start in 2024, after the Basement Flooding Protection Program is complete.
