

October Bulletin for Candidates

Below are updates, reminders, and other useful information for candidates.

If you have questions, please visit the Toronto Elections office at City Hall, email us at candidateinfo@toronto.ca, or call 416-395-0025.

Provide Your Contact Information

If you have not already done so, you can submit contact information in MyCampaign that will be displayed on the [List of Candidates](#) webpage. Alternatively, you can email your contact information to candidateinfo@toronto.ca for posting.

This is a great way to make your information available to the public, media and community groups should they wish to contact you about your campaign.

Voters' List

The voters' list contains the names, qualifying address and postal code of eligible electors. Please note, the qualifying address is the actual assessed property from Municipal Property Assessment Corporation and the mailing address is the contact address. The postal code relates to the elector's mailing address and not their qualifying address – in most cases this is the same; however, there are instances where the elector owns or leases property in the City of Toronto but lives elsewhere.

The voters' list will be available to candidates on October 23rd. On that day, you will receive an email with your user ID and temporary password to access the voters' list through the CandidateAccess portal. Please note that this is a separate from the MyCampaign portal, and your user ID and password will be different.

Once you log into CandidateAccess, go to 'Documents' to download your copy of the voters' list, which includes the street index.

The list(s) of who voted during Advance Vote will be available after each advance vote date. The list of electors who voted by mail-in ballot will be available on November 28, 2023.

Ward Maps, Voting Places, Number of Scrutineers and Sample Ballot

Beginning on October 23rd, you can access digital ward maps, the list of voting places and a sample ballot through MyCampaign. The list of voting places includes the Advance Vote locations, which are labelled as subs 98 and 99. Physical copies of the ward maps are not available.

The number of scrutineers allowed in each voting location will be available to candidates on November 1st.

Vote Counting Equipment Testing

The City does extensive testing of its vote counting equipment and candidates can view the logic and accuracy testing at the Toronto Elections office at 89 Northline Road.

Appointments are available from 10 a.m. - 2 p.m. on October 31st. If you wish to attend, please email candidateinfo@toronto.ca to book an appointment. Walk-ins cannot be accommodated.

Final Spending Limits

You will receive an email on October 27th with your final general spending limit, self-contribution limit, and the final spending limit for parties and other expressions of appreciation after the close of voting. You will also be able to access these final certificates through MyCampaign.

Election Signs

Election signs and campaign office signs cannot be displayed until Sunday, November 5th. More information on sign rules and requirements can be found on the [Election Signs website](#) and in the [Election Sign Placement Guidelines](#) document.

If you already have a campaign office, you are allowed to post a sign in the window to identify the unit as your campaign office before November 5th. This can also be in the form of one lawn sign in the window or door of the unit.

If you have questions about election sign rules, email ElectionSigns@toronto.ca. If you wish to report improper election signs, call 311.

Questions About City Programs and Services

Questions about specific City of Toronto services, statistics, or programs related to other City divisions, should be directed to candidaterequests@toronto.ca.

The answers to these questions will be posted on a page on our website (without revealing the source of the request) so that all candidates have equal access to this information. This page will be updated as information becomes available.

Questions about the election, rules, and anything else related to your campaign should still be emailed to candidateinfo@toronto.ca.
