Contract: 21ECS-LU-05FP

Expected Start Date: November 20, 2023

Expected End Date: November 23, 2023

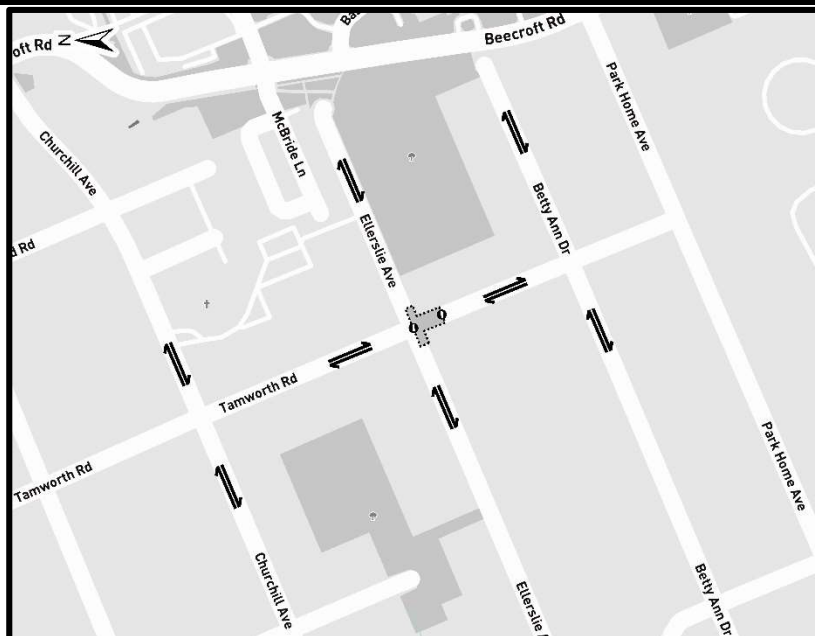

**Timeline is subject to change.*

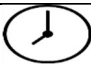

The City of Toronto is modifying and upgrading the storm and sanitary sewer system in your area in order to reduce surface and basement flooding. This work also involves replacing the city-owned portion of substandard water services and sanitary sewer laterals.

Due to the depth and nature of the sanitary sewer construction work on Tamworth Road, and to avoid any safety concerns for the residents in the neighbourhood, **the intersection of Tamworth Road and Ellerslie Avenue will be partially closed effective 7:00 a.m. on Monday, November 20, 2023, to 7:00 p.m. on Thursday, November 23, 2023.** We apologize for any inconvenience that this closure will cause in the neighbourhood, and we thank you for your continued patience as we complete the work.

This project is part of the Council-approved 2022 Basement Flooding Protection Program to improve the water distribution system; renew our aging infrastructure and reduce the risk of sewer collapse or blockages that cause sewer backups and flooding.
