## Canvassing on Voting Days

---

You may campaign on voting days, subject to the following rules and restrictions:

- You cannot campaign anywhere on the property that is part of a facility where the voting place is located (e.g. parking lots, walkways leading to the voting place, front lawn, anywhere inside the building, etc).
- In condos or apartments with an on-site voting place, you cannot campaign in common areas in the building (e.g., lobby or elevators).
  - You can canvass on residential floors, but not in close proximity to the room where voting is taking place.

Please note that election signs cannot be posted adjacent to any voting place.

---

## Scrutineers

---

During voting days, you and/or your scrutineer(s) can be present at a voting place to observe the voting process.

If you are entering a voting location to observe voting, you must identify yourself as a candidate to staff upon entering, present ID, and take a declaration. Your scrutineers must present a [Scrutineer Appointment Notice](#) and take a declaration. You can appoint one scrutineer for each ballot officer and vote tabulator in a voting location.

Both you and your scrutineers are required to follow the rules outlined on the Appointment Notice. If your maximum number of scrutineers are present in a voting location and you also enter, one of your scrutineers is required to leave.

---

## Candidate Information Line

---

The dedicated candidate line (416-395-0025) will continue to be available through the advance vote period and on election day. This line is **only for candidate campaign use and should not be provided to electors**.

Members of the public should call 416-338-1111 for general voting or election information. Election sign complaints must be made through 311.
