

Section 1 – Address Where Flood Protection Device(s) Installed

Street Number	Street Name	Suite/Unit Number
City/Town	Province	Postal Code
Have the downspouts from your property's eavestrough been disconnected from the City's sewer system? YES <input type="checkbox"/> NO <input type="checkbox"/> If no, have you applied for an exemption? YES <input type="checkbox"/> NO <input type="checkbox"/> or Exemption Granted <input type="checkbox"/>		
Do you have a front yard paved parking area (parking pad) on your property? (The portion of the boulevard and front yard that has been approved, constructed, and licensed by the City of Toronto to park a motor vehicle by the owner or occupant.) YES <input type="checkbox"/> NO <input type="checkbox"/> If yes, does it comply with the City's zoning By-laws? YES <input type="checkbox"/> NO <input type="checkbox"/>		

Section 2 – Property Owner Information

(as listed on your City of Toronto property tax bill for the property listed in Section 1)

First Name	Last Name	
Telephone Number	Alternate Telephone Number	
Email Address		
Mailing Address (if different from the property listed in Section 1)		
Street Number	Street Name	Suite/Unit Number
City/Town	Province	Postal Code

Section 3 – Plumber/Contractor(s) Information

Contractor Name (First, Last)
City of Toronto Business License (9 Digits) T-
Sub-Contractor Name (First, Last) - if applicable
City of Toronto Business License (9 Digits) T-

Section 4 – Applicable Flood Protection Devices for Subsidy Consideration

Select the device(s) below:

Backwater Valve Sump Pump Pipe Severance and Capping of Foundation Drain (weeping tile)

Note: If you are applying for a sump pump subsidy, please include a photo of the sump pump and of the exterior discharge pipe

Each applicable flood prevention device must be detailed, and its installation cost must be itemized separately on the invoice(s) of the licensed contractor and sub-contractor(s), as applicable, who performed the work.

Section 5 – Terms and Conditions

To be eligible for consideration by the City for a subsidy under the Basement Flooding Protection Subsidy Program (the "Program"):

1. The property must not exceed the lifetime maximum subsidy amount for each eligible installation. Applying does not guarantee a subsidy. Subsidies are issued on a "first-come, first-serve" basis, and are subject to annual funding approved by City Council.
2. To be eligible for consideration for a subsidy under the Program:
 - You must be the registered owner of single-family residential, duplex, triplex, or fourplex properties within the City of Toronto.
 - The subsidy is available only to existing homes, not homes in the planning stages or currently under construction.
 - The downspouts from your property's eavestrough must be disconnected from the City's sewer system or you must have applied to the City for an exemption.
 - For properties with a parking pad, all front yard paved areas must comply with the City's Zoning By-law requirements, at the time of application.
 - You must submit your application within one year of completion of the installation of the flood protection device, as indicated on the invoice of the licensed contractor(s) or sub-contractor(s) who performed the installation.
 - For backwater valve installations, a building permit must be obtained from the City and an inspection must be passed by a City of Toronto building inspector before the application being made.
 - As the property owner, you must also agree to the following conditions at the time of a building inspection of the backwater valve installation or otherwise at the request of the City:
 - a. to consent to provide the City and its personnel (including Toronto Building and/or Toronto Water personnel), concurrent with any Toronto Building inspection under the Building Code Act 1992, access to the flood protection device(s) to verify that the installation has been completed by the requirements and conditions of the BFP Subsidy Program and to otherwise verify eligibility for and entitlement to the subsidy under this Program; and
 - b. to consent to the City and its personnel (including Toronto Building and Toronto Water personnel) taking photographs, video, and digital images and collecting and recording other data or information in respect to the flood protection device(s) to which this subsidy under the BFP Subsidy Program applies (collectively "Records") and, where an application has been submitted by me to Toronto Water under the BFP Subsidy Program, the right of Toronto Water to use and make reproductions of such Records to verify compliance with the BFP Subsidy Program, including the right for Toronto Water personnel to access Toronto Building's Records for this purpose.

Note: The exercise of the access for the collection and use of the Records for the above purposes shall not be construed or deemed an inspection or approval of the quality of the workmanship or installation of the flood protection device(s), the quality of the particular flood protection device installed or otherwise by the City of Toronto or without limitation, the Toronto Building or Toronto Water Divisions.

- contractor(s) and any sub-contractor(s) who installed the flood prevention device(s) must possess a valid license from the City of Toronto for the installation work, at the time of installation.
- Original invoices from the licensed contractor(s) and any sub-contractor(s) who installed the flood prevention device(s) must be provided with this application.
- You must not have any outstanding taxes or debts owed to the City of Toronto at any time from the date of application until such a time as a subsidy payment, if any, is issued by the City.

3. In applying to the Program, and as a condition of eligibility for a subsidy, I understand and agree to the following:

- I am solely responsible for the work being done on my property.
- The City assumes no liability whatsoever relating to the work being undertaken to be eligible for the subsidy, and the work cannot be considered a guarantee that basement flooding will not occur.
- The City of Toronto does not:
 - Endorse specific brands, product dealers, or contractors.
 - Guarantees materials, workmanship, or performance of the eligible flood protection devices.
- The City of Toronto reserves the right, at any time, to cancel the Program or the payment of any subsidy under it, if sufficient funding is no longer available under the Program, or cancelled by the City.
- By signing this application, the property owner agrees to assume all financial and other responsibility for all work whatsoever in respect to and related to installation, performance, maintenance, repair, and use of the flood prevention device(s) which may be eligible for a subsidy under the Program, including, without limitation, the selection of the installers and any consequences arising from the installation of the works and the compliance with all laws in respect to such works.
- The Applicant fully and completely, without qualification, agrees hereby to waive and release and shall be deemed to have waived and released the City of Toronto, its officials, officers, employees, agents, and representatives (collectively, the "City") from and against any claims or liabilities whatsoever including, without limitation, any damages, costs, and liability for any loss, injury or damage to any property or person, whether direct, special, consequential, indirect or of any other nature, in connection with or related to the installation of a flood prevention device or related to participation in this Program (collectively, "Claims").
- I will not make any claims or take any action against the city and agree to indemnify the city against any Claims made or taken by someone else.
- If any incorrect or deceptive information, statement, or representation is found in this application or the accompanying documents, the city is entitled to:
 - Reject my application.
 - Demand full and immediate repayment of any subsidy money paid to me.
 - Prosecute me or take other legal action against me.

Subject to any reserved rights of the City, no payment of a subsidy under this Program shall be made unless all terms and conditions of this application and Program have been met.

Section 6 – Document Checklist

<ul style="list-style-type: none"> <input type="checkbox"/> have completed and signed the application form. <input type="checkbox"/> I have applied for a subsidy for the flood protection device(s) set out in Section 4, up to the eligible amount for my property under the Program. <input type="checkbox"/> I have attached the original invoice(s) for the flood protection device(s) from my licensed contractor(s) and any licensed sub-contractor(s), which includes: <input type="checkbox"/> The address where the flood protection device(s) installed. <input type="checkbox"/> The name and address of the licensed contractor(s) and sub-contractor(s), as applicable <input type="checkbox"/> Detail and information on each applicable flood 	<ul style="list-style-type: none"> <input type="checkbox"/> prevention device installed and its installation cost separately on the invoice(s) of the licensed contractor and sub-contractor(s), who performed the work <input type="checkbox"/> The total amount paid, clearly marked "paid in full" <input type="checkbox"/> The installation date of the flood protection device(s) <input type="checkbox"/> My contractor has a valid City of Toronto Business License for installation of the applicable flood protection device(s) – confirmed by contacting Toronto MLS <input type="checkbox"/> A City of Toronto building inspector approved the backwater valve installation, if applicable <input type="checkbox"/> Kept photocopies of all documents (original invoices, permits) <p>Please note incomplete applications will not be accepted</p>
