

CHAPTER SEVEN: SITE AND AREA SPECIFIC POLICIES

Toronto Official Plan – Chapter 7

Throughout the city are sites and areas that require policies that vary from one or more of the provisions of the citywide Official Plan policies in Chapters 1-5. These site and area specific policies generally reflect unique historic conditions for approval that must be recognized for specific development sites, or provide a further layer of local policy direction for an area. In most cases, the site and area specific policies provide direction on land use. Citywide Official Plan policies apply to these lands, except where the site and area specific policies vary from them.
