Purpose

This grant supports initiatives that will increase canopy cover in Toronto through tree planting and stewardship on private land.

Types of Projects Funded

All projects need to be focused on increasing canopy cover by:

- Planting non-invasive trees and shrubs on private land
- Maintaining and caring for existing trees on private land
- Educating and engaging the community in the planting, care and maintenance of trees on private land

Funding Amount

You may apply for a grant from \$5,000 to \$100,000.

Grants must be matched 50-50 (\$1 for every \$1 received) in cash and/or in-kind contributions.

For funding requests of over \$50,000, you must contact Urban Forestry to discuss the project and eligibility before submitting an application.

Duration

Grant funding is available for projects of up to 12 months in duration (to take place between January 1, 2025 and December 31, 2025).

Application Process

Applications must be submitted online at www.toronto.ca/treegrants by **4 pm** on **August 9, 2024**.

Note: we are using a new online system to receive and process grant applications. If you have any questions please email us at: forestrygrants@toronto.ca.

There are two stages to the evaluation of your application:

Stage 1: Initial Review

- Applications are reviewed for completeness and for alignment with the grant guidelines and assessment criteria
- You will be notified if your application will proceed to full review, if it is declined, or if additional information is required

Stage 2: Full Review

- Applications are assessed by a grant review panel of City staff and external members with relevant expertise and experience. The grant review panel will then make recommendations on which projects should be considered for funding and in what amounts.
- All applicants will be notified once the funding decisions have been finalized.

Assessment Criteria

Applications will be evaluated based on four areas: Concept, Feasibility, Budget, and Impact.

- The project must closely align with the stated purpose of the grant
- The application should clearly demonstrate the applicant's experience and capacity to successfully complete the project and to maintain the trees over the long term, and describe a feasible process to accomplish the project and has clearly defined project deliverables
- Project costs should be reasonable to achieve the proposed deliverables and the budget should clearly demonstrate how the 50% matching funding requirement (cash or in-kind) will be met or exceeded.
- The application should demonstrate the impact of the project as it relates to the purpose of the grant and in increasing tree canopy cover.

Additional assessment considerations include:

- Geographic representation across the City of Toronto
- Locations with low canopy cover or a high need for tree planting and/or stewardship
- Environmental impact of proposed activities (i.e. biodiversity)
- Community impact, equity impacts, and benefit of proposed activities

Funding Terms and Conditions

Applicants approved for funding will be required to sign a Letter of Understanding (LOU) with the City of Toronto in order to receive funding. The LOU will include the grant amount and the terms and conditions of funding. The following must be provided before any funds are released:

- Certificate of Insurance (COI) – A valid COI with a limit of not less than two million dollars (\$2,000,000) per occurrence with Comprehensive General Liability (CGL) and non-owned automobile coverage for the funding period. More details will be provided to successful applicants.
- [Declaration of Compliance with the City's Anti-Harassment/Discrimination Policy](#)
- Conflict of Interest Declaration

Details will be provided to successful applicants.

Accommodation

Accommodation of special needs (e.g. documents in alternate formats, off-hour meetings) is available as required to ensure that groups can fully participate in the funding process. For accommodation of special needs, please email: forestrygrants@toronto.ca.
