Public Notice

Removal of permit parking spaces and introduction of one-way motor vehicle traffic on Sudbury Street beginning in 2025

Notice is hereby given that the Infrastructure and Environment Committee proposes to have City Council pass a by-law to allow the removal of the 26 on-street parking spaces on the north side of Sudbury Street, between Queen Street and Abell Street that currently serve permit parking and pay-and-display parking. This change is expected to happen in 2025 as part of the [King-Liberty GO Station](#) construction to accommodate on-street construction staging, one way motor-vehicle traffic in the south-westbound direction and safe passage for people cycling.

Any objections regarding this proposal should be set out in writing and forwarded to the City Clerk, Attention: Matthew Green, City Council, City of Toronto, Secretariat Division, City Hall, 100 Queen Street W, 10th floor west tower, Toronto, Ontario, M5H 2N2, or by E-mail: iec@toronto.ca. Written objections received by the required date will be scheduled for deputations at the next Infrastructure and Environment Committee meeting. If the Clerk receives no objections by the 27th day of May, 2024, the City will proceed with its proposed action.

Further details can be found at toronto.ca/westrailpath

Dated this: 8th day of May 2024

John D. Elvidge
City Clerk
