

Contribution Guide for Contributors

Contribution Rebate Program

Toronto City Council has authorized a contribution rebate program for **individuals** who make monetary contributions to candidates running for office of Councillor in the 2024 Councillor Ward 15, Don Valley West by-election.

- Only contributions that comply with the Municipal Elections Act, 1996 are eligible for a rebate
- Municipal campaign contributions are not eligible for federal income tax purposes
- Corporations and trade unions are prohibited from making contributions to candidates
- Contributor information is posted on the City's website for contributions totaling more than \$100.
 - Searchable contributions on the website shows contributor's name, postal code, contribution amount and the name of the candidate they supported
 - The scanned copy of the candidate's financial statement lists the contributor's name, address and the contribution amount
- A contributor cannot contribute more than a combined total of \$5,000 to multiple candidates on the same Council. Doing so may result in a fine up to \$25,000 or imprisonment
- Rebates can total a maximum of \$1,000 and are based on **all** contributions made to **all** candidates who are participating in the contribution rebate program
 - For example, if a contributor gave \$500 each to three different candidates, the rebate is based on the total contribution of \$1,500
 - Refer to the reverse side of this guide for the rebate formula and sample rebate calculations

Rebates are paid after:

- The candidate has filed all required audited financial statement(s) and complied with all requirements under the Municipal Elections Act, 1996 and the Contribution Rebate by-law
- The compliance audit period has passed (90 days after the candidate's financial filing deadline)

Sample Rebate Calculations

Total contributions of \$25 or less are not eligible for a rebate

Total contributions between \$25.01 and \$300

- Formula: total contribution amount x 75%
- Sample: \$200 x 75% = \$150 rebate

Total contributions over \$300 but not more than \$1,000

- Formula: total contribution amount minus \$300 x 50% + \$225
- Sample: \$650 - \$300 = \$350 x 50% = \$175 + 225 = \$400 rebate

Total contributions over \$1,000

- Formula: total contribution amount minus \$1,000 x 33 1/3% + \$575
- Sample: \$2,200 - \$1,000 = \$1,200 x 33 1/3% = \$400 + \$575 = \$975 rebate

\$1,000 is the maximum rebate payable
