Road Reconstruction and Road Resurfacing on Dufferin Street from Bloor Street West to Geary Avenue

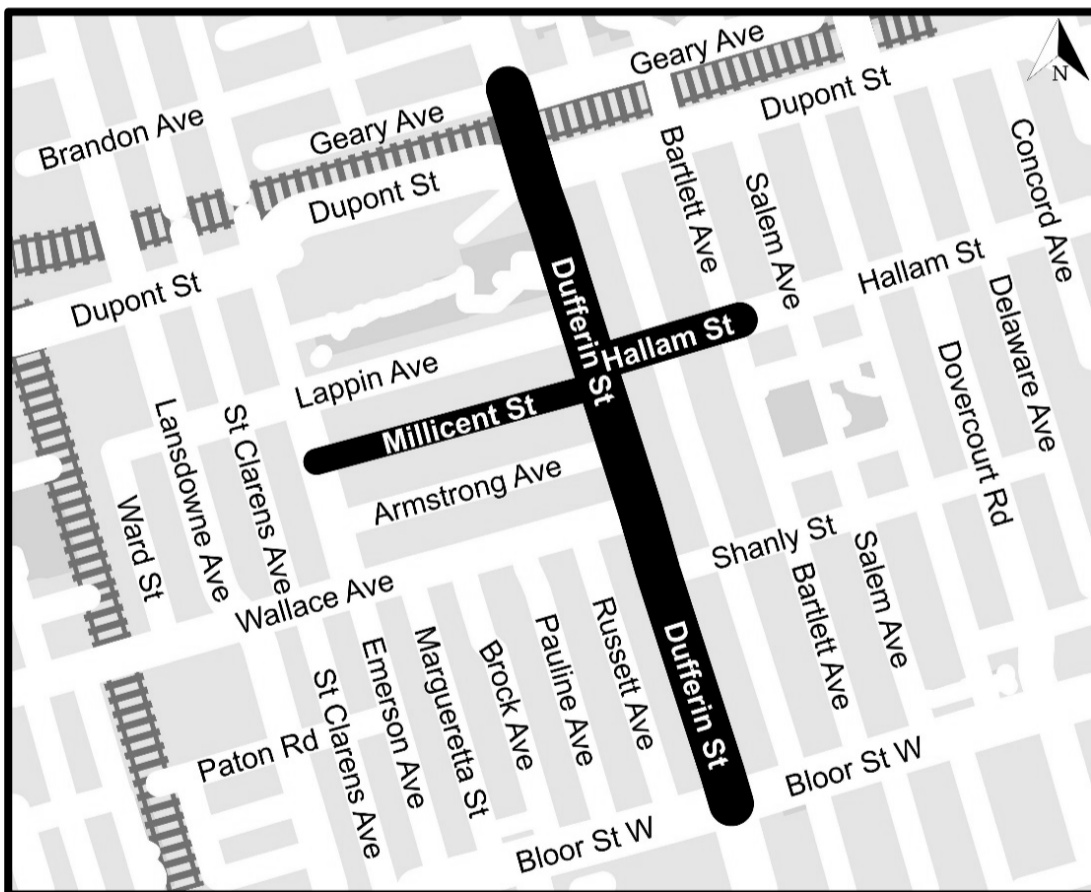

Contract: 24ECS-RD-05MR
Start Date: September 2024 End Date: July 2025
**Timeline is subject to change.*

The City of Toronto is planning to reconstruct the road on Dufferin Street from Dupont Street to Geary Avenue and resurface Dufferin Street from Bloor Street West to approximately 170 m south of Dupont Street. Our inspection of the road shows that it needs reconstruction and/or repaving, and sections of damaged curb and sidewalk need to be replaced to bring them to a state of good repair.

Additionally, the City is planning to upgrade traffic signals and enhance geometric safety improvements at various intersections in support the Council-approved Vision Zero Road Safety Plan. New cycling pavement markings and separators will also be installed on Hallam Street from Dufferin Street to Bartlett Avenue and on Millicent Street from Emerson Avenue to Dufferin Street.

This project is part of the Council-approved 2024 Capital Works Program to renew aging City roads and sidewalk for current and future needs.

MAP OF WORK AREA

WHAT TO EXPECT BEFORE CONSTRUCTION

- Work crews will mark sidewalks and curbs requiring replacement and the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Affected properties will receive a Construction Notice approximately two weeks before work begins with more information about the work.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Project Contact listed below.</p>
	<p>Important information for owners of sprinkler systems / heated driveways and private landscaping features. Property owners should remove items located within City property limits (boulevard) to avoid damage.</p> <p>This includes items such as landscaping (plants and pavers), decorative objects, sprinkler systems or heated driveways. If you have a sprinkler system or heated driveway, please contact the Project Contact listed below.</p>
