The City of Toronto will be resurfacing on Calvington Drive from Keele Street to Lexfield Avenue. Our inspection of the road shows that it needs resurfacing and sections of damaged curb and sidewalk need to be replaced to bring them to a state of good repair.

Additionally, the City will address damaged curb and sidewalks for a state of good repair from Lexfield Avenue to Forthbridge Crescent. Furthermore, local geometric improvements are planned for the Keele Street and Calvington Drive intersection.

This project is part of the Council-approved 2020 Capital Works Program to renew aging City roads and sidewalk for current and future needs.
