Danforth Avenue Bridge Rehabilitation over Kingston Road

Contract: 24ECS-BE-17PM
Start Date: August 2024
End Date: December 2024
**Timeline is subject to change.*

The City of Toronto is planning to rehabilitate Eastbound Danforth Avenue Bridge over Westbound Kingston Road. This work will ensure that the bridge and road meet today's standards and remain safe into the future. The project is part of the Council-approved 2024 Capital Works Program.

MAP OF WORK AREA

WORK DETAILS

The City's contractor will:

- Repair and refurbish the eastbound Danforth Avenue over westbound Kingston Road bridge.
- Replace deck waterproofing and pavement over the bridge at eastbound Danforth Avenue and replace curb and paving under the bridge at Kingston Road.
- Reconstruct parapet walls with railings and sidewalks on the bridge.
- Patch repair the concrete deck, soffit, abutments, and wingwalls.
- Seal the concrete surface of exposed substructure components.

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise, and other inconveniences. The City will make efforts to reduce impacts. We appreciate your patience.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, and 9 a.m. to 7 p.m., Saturdays. No work will occur on Sundays and Statutory holidays unless necessary.</p>
	<p>Pre-Construction Inspection: The City hired contractor will conduct inspections of properties within 30 metres of the construction area before construction starts. Affected properties will receive a separate notice to set up an appointment for the inspection.</p>

	The inspection will look at the exterior and interior of properties to verify existing conditions. Although participation is voluntary, the City encourages all property owners to participate. Without the survey, it will be difficult to confirm any claims of damage caused by construction. All inspection staff will wear photo I.D. and carry photo equipment for this work.
	Road and Sidewalk Access: Sidewalks will be accessible to pedestrians at all times during construction.
	Traffic Management: Road users should expect delays and increased traffic on nearby main and side streets. Motorists are reminded that bicycles and cars will be sharing the lane. When driving, please be mindful of vulnerable road users. Lane width and orientation on eastbound Danforth Avenue will be adjusted to accommodate construction work. Traffic on westbound Kingston Road will be reduced to one lane.
	Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Field Ambassador listed below.
	Restoration: The construction work area will be restored with sod, concrete and/or asphalt where required. Granular base or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).
