Name (Surname, Given Name) (please print)				Title	
Signature				Date (y/m/d)	

Instructions for Completing the Form

Section 1.0: Proponent Information

Proponent Information identifies the individual or organization having ownership of the proposed works/facilities at the time of construction. Should the Proponent not be the sole owner of the land where the facilities are being installed, the written consent of all land owners shall be provided.

Acceptable identification of the Proponent includes:

- i) for an individual or sole proprietor, a copy of a birth certificate, passport or driver's license;
- ii) for a general partnership, document containing legal names of all general partners (such as a Business Names Report for the partnership from the Ontario Ministry of Government & Consumer Services);
- iii) for a Limited Partnership, Declaration under the Limited Partnerships Act as obtained from the Ontario Ministry of Government & Consumer Services;
- iv) for an Ontario corporation, Form 1, 2 or 3 under the Corporations Information Act or a Certificate of Corporate Status obtained from the Ontario Ministry of Government & Consumer Services; and,
- v) for a Canadian corporation; Articles of Incorporation, Articles of Continuance, or Articles of Amendment, under the Canada Business Corporations Act as obtained from Industry Canada.

For development applications, the Proponent will be the developer. The contact person named shall be a representative of the developer with the authority to act on behalf of the developer.

For Toronto Water capital works; the Proponent will be the person who signs the section "Verification by Owner" on Forms 1, 2, 3 and be authorized to sign pursuant to item PW28.11 adopted by City Council at its meeting held on November 30 and December 1, 2009.

Section 2.0: Technical Information Contact

Project Technical Information Contact is an individual identified by the Proponent as one who is familiar with the technical details of the proposal and may be contacted for any additional technical information that may be required during the City's review of the project. This person would normally be the engineer responsible for the design of the works or a person having the authority to effect design changes if it is determined to be necessary in order to meet City's requirements. The Proponent is required to affirm in Section 5 of the form that the Technical Information Contact is authorized to act on the Proponent's behalf for the purpose of obtaining acceptance for the proposed works. The Technical Information Contact could be an engineering consultant or a City engineer for the project.

Section 3.0: City of Toronto Information Contact

The City of Toronto information contact identifies the City of Toronto Division/Section/Unit which will be coordinating the project on behalf of the City.

For development applications this will be the Development Engineering Manager for the relevant district of the City of Toronto.

Should the section 1.0 contain the City of Toronto information contact, check "Same as Proponent Contact Name and Address".

The information on this form is collected under the authority of the City of Toronto Act, 2006, s. 136(c). This information is collected by the City to ensure compliance with Part V of the *Safe Drinking Water Act*, as amended, and the conditions of the City's Drinking Water License (no. 010-101) and Drinking Water Works Permit (no. 010-201) issued under that *Act*. The information is retained by the City and may be inspected by the MOE on demand in accordance with s. 81(2)(10) of the *Act* to enforce compliance with the *Act*, License and Permit. Questions regarding the collection of this information may be directed to the Administrator of the Drinking Water Licensing Program.; Winnie Cao, Engineer, Toronto Water, Water Infrastructure Management, Tel. 416-392-5091

For third party projects such as projects initiated by the TTC or GO Transit, the Manager of the City of Toronto Division/Section/Unit which will be coordinating the review shall be indicated.

Section 4.0: Project Information

Project Information identifies the physical location of the proposed works, confirmation of land ownership, engineering estimate for the drinking water system works, processing fees being paid, pipe material, and pipe diameter.

Section 5.0: Statement of Proponent

Statement of Proponent is the Proponent's affirmation that to the best of his/her knowledge, the information provided in the form and the submitted supporting documentation is accurate and complete, and that the person identified in the form as the Project Technical Information Contact is authorized to act on the Proponent's behalf for the purpose of obtaining acceptance for the proposed works.
