Watermain Replacement and Road Resurfacing on Bayview Avenue from Lawrence Avenue East to 143 metres north of Lawrence Avenue East and Watermain Replacement on Lawrence Avenue East from Mildenhall Road to Bayview Avenue

Contract: 24ECS-LU-09SU

Start Date: August 26, 2024 | End Date: November 30, 2024

**Timeline is subject to change.*

This notice provides an update on the watermain replacement, water service replacement and road resurfacing on Bayview Avenue from Lawrence Avenue East to 143 metres north of Lawrence Avenue East and on Lawrence Avenue East from Mildenhall Road to Bayview Avenue Road.

This project is part of the Council-approved 2024 Program to complete watermain construction.

Bayview Avenue westbound ramp to Lawrence Avenue East will experience a full road closure from **Friday, September 13 at 8:00 p.m. to Monday, September 16 at 1:00 a.m.** This closure is required to safely complete watermain construction.

We appreciate your patience while we complete this necessary City infrastructure project.

MAP OF WORK AREA

WORK DETAILS

The City's contractor will:

- excavate the road and dig a trench to access and install the new watermain
- replace any City-owned water service pipes that do not meet City standards from the watermain to the private property line
- resurface the road / watermain trench
- dig up the road surface
- pave the road surface

WHAT TO EXPECT DURING CONSTRUCTION

- The community will experience dust, noise and traffic delays. The City will make efforts to reduce impacts. Your patience is appreciated.
- The City will not be responsible for damage to any privately owned items on City property.

	<p>Work Hours: Work will take place from 7 a.m. to 7 p.m., Monday to Friday, with work after hours and on weekends as required.</p>
	<p>On-Site Communication: Workers on site are responsible for the work assigned to them. If you have construction questions or an issue on site – ask to be directed to the site inspector. If the site inspector is unavailable, contact the person listed at the end of this notice. There are times when contractors need to communicate with homeowners about what is happening on-site. This could be about driveway access, water shut offs, pre-construction inspections, and site restoration work (landscaping, installing pavers, etc.). Contractor's staff will be identifiable by their high-visibility clothing.</p>
	<p>Telephone and Internet Services: This work may affect phone and internet cables for individual properties that aren't buried deep below the sidewalk. The contractor will coordinate with utility companies to minimize disruption. Residents who find their service has been disrupted should contact the Field Ambassador <u>and</u> notify their phone or internet service provider.</p>
	<p>Water Service Disruptions: From time-to-time, the water supply to your property will be shut-off to complete construction; the contractor will provide notice at least 24-hours in advance. Throughout the work, it is recommended that you temporarily disconnect any water treatment systems (i.e. softeners or filters), water-cooled air conditioners or similar plumbing fixtures. Automatic lawn sprinkler systems may also be affected; therefore, you may need to water manually. In the event you did not receive advance notice, the City may have needed to use an emergency water shut off to complete work.</p>

	<p>Road and Sidewalk Access: In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the work zone. Access for emergency vehicles will be maintained at all times.</p> <p>Driveway Access: The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.</p>
	<p>Traffic Management: Road users should expect delays and increased traffic on nearby streets. Motorists are reminded that bicycles and cars will be sharing the lane. When driving, please be mindful of vulnerable road users.</p> <p>Traffic on Lawrence Avenue East and Bayview Avenue will be reduced to one lane.</p>
	<p>Parking: This project will affect on-street parking. Parking in the active work zone is not permitted as space is needed for construction equipment and materials. If your parked vehicle affects construction work, it will be relocated with no charge to the owner. Please call 416-808-2222 for its location.</p>
	<p>Pedestrians: The work may require temporary sidewalk restrictions, however any necessary sidewalk closures will alternate in each direction to ensure pedestrian access is maintained during construction.</p>
	<p>Accessible Accommodation: The City's contractor must ensure safe and accessible walkways and entryways are maintained for everyone during construction. Any temporary access disruptions will be communicated as soon as possible. If you experience a disruption, have a specific access need or related accommodation request, contact the Field Ambassador listed below.</p>
	<p>Garbage and Recycling: Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. Please ensure that you label your bins with your address.</p>
	<p>Water Flushing: You will see water flushing or running in several areas along this project due to cleaning the new watermain. Before substandard water services are replaced and the new watermain is put into service, the new pipe must meet Toronto Water's servicing and quality standards. Please DO NOT DRINK OR USE THE FLUSHING WATER, it is not potable.</p>
