Traffic Restrictions on Lane N Bloor Street from Doval Road to Indian Road

Contract: 24ECS-LU-03SU
Start Date: October 30, 2024 End Date: July 31, 2025
**Timeline is subject to change*

The City of Toronto's work to replace the combined sewer and the City-owned portion of substandard water services and sanitary service laterals on Lane N Bloor Street from Doval Road to Indian Road is progressing.

Due to the nature of this work, the access to Lane N Bloor Street via Indian road will be restricted from 30, October, 2024 to 06, November, 2024 (Please note that this timeline is dependent on weather and ground conditions). However, the local community can still access Lane N Bloor Street via Doval Road and make use of their garage parking as long as it is not within the contractor's work zone.

If you are a resident without a parking permit and have a garage parking on the Laneway North of Bloor Street from Doval Road to Indian Road that has been impacted by the contractor's work, please reach out to the site representative or field ambassador listed below to coordinate necessary accommodations.

We apologize for this inconvenience. Your co-operation and patience are greatly appreciated.

In an effort to reduce ticketing due to construction, please exercise patience with neighbours who are experiencing construction impacts and may need to temporarily park on your street.

NEED MORE INFORMATION?

If you have questions about the upcoming work, please contact us and quote the contract number.
