## Intersection Improvements at Deauville Lane and Grenoble Drive

**Contract: 23ECS-RD-10SP**

In August 2024, the City of Toronto notified residents of planned road reconstruction at the intersection of Deauville Lane and Grenoble Drive, including making changes to improve pedestrian safety and connectivity for all road users.

Due to delays encountered with the electrical design, this work will be deferred until spring 2025.

An update notice will be provided before work is to take place again.
