

KENNEDY STATION PUBLIC REALM MASTER PLAN

Public Engagement Overview Fall 2024

374

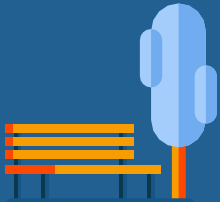

People engaged in-person between September to December 2024

658

People reached through an online survey between September to December 2024

Most Discussed Themes

Placemaking & Amenities

Strengthen the area's character. Need more art murals, places to gather, street furniture and other public amenities.

Mobility & Connections

Area is difficult to navigate. Need better wayfinding and connectivity in and through the area, including more direct access to transit stations.

Safety & Accessibility

Unpleasant and unsafe walking, cycling and driving experiences. Lack of safe, accessible routes and adequate lighting.

Green Space & Comfort

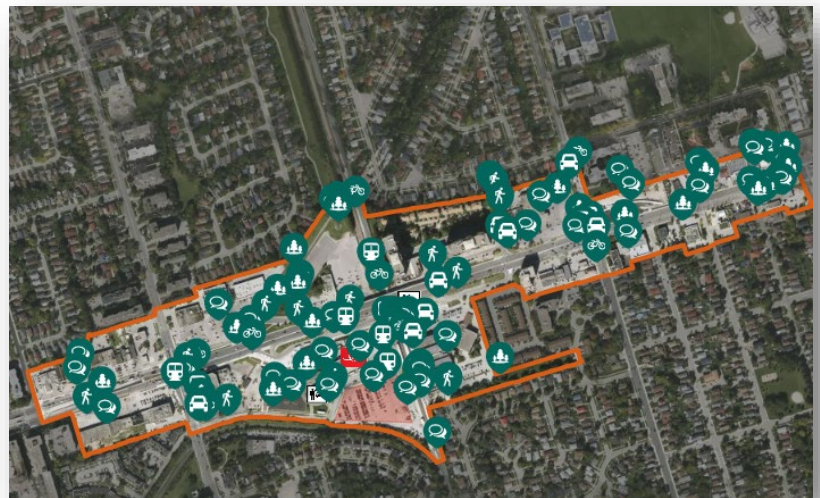

Need more green spaces, greenery, trees, weather protection, and shade.

Main Questions for Discussion:

What challenges do you experience in the area?

How can the area become more cycling/pedestrian friendly?

Are there access points or connections that can be improved?

Next Steps

- Finalize the Public Realm Master Plan in Spring 2025
